INTRODUCTION AND AT-WILL DISCLAIMER

Welcome to the Sterling Park District (District). The District is proud of its record of continuing growth and expansion of services offered to the residents of the District. The growth and reputation of the District are the direct results of individual efforts and close cooperation by all of our employees. Our future success will depend upon continuation of these efforts, along with good safety habits and adherence to the highest professional standards and ideals.

There are several things that are important to keep in mind about this manual:

First, it contains only general information and guidelines. It is not intended to be comprehensive, all-inclusive, or to address all of the possible applications of, or exceptions to, the general policies and procedures described. Rather, this manual has been prepared for you as a general reference guide.

Second, this manual supersedes all previously issued manuals. Your decision to continue employment with the District after this revision and any further revision to this manual shall be deemed to constitute your agreement with all such revisions. **The District and the Board of Park Commissioners (Park Board) reserve the right to unilaterally revise, supplement or discontinue any of the policies, guidelines or benefits described in this manual.** Therefore, the District may, from time to time, revise, add to, supplement or discontinue any of the policies, rules or benefits described in this manual with or without notice. The District will try to inform you of any changes as they occur.

Third, **nothing contained in this manual or any written or oral statement contradicting, modifying, interpreting, explaining or clarifying any provision of this manual is not intended to create, nor shall create, an employment contract, either express or implied, to remain in the District's employ. Nor does it guarantee any fixed terms and conditions of your employment. Your employment is not for any specific time and may be terminated at will, with or without cause, and without prior notice by the District, or you may resign for any reason at any time. In other words, your employment is at-will, meaning you may terminate your employment at any time, with or without cause or notice, and the District retains a similar right. No Direct Supervisor, Department Head, Executive Director, or other representative of the District (except as delegated and approved by the Park Board in writing) has the authority to enter into agreement for employment for any specified period of time, or to make any agreement, promise or assurance that contradicts anything in this manual, unless it is in writing.**

Fourth, each employee is expected to review this manual and become familiar with its contents. Accordingly, upon receipt of this manual, you must sign, date and return the Employee Acknowledgement Form found in the appendix section of this manual. This form will be maintained in the District's files and your personnel file. If you have any comments, suggestions, or questions about any aspect of your employment, you are encouraged to discuss them with your Direct Supervisor or Department Head. He or she will listen to your concerns, consider appropriate action to be taken, if necessary, and/or provide you with the information you need, or direct you to someone who can provide you with that information.

The Executive Director or his designee is responsible for overseeing the enforcement of the policies contained within this manual, and for the direction of the activities of all employees, except those whose appointment is otherwise prescribed. Should any question arise as to the proper interpretation of any provision of this manual, or any other personnel policy, the decision of the Executive Director will be final.

Where the context of this manual permits, words in the masculine gender shall include the feminine and neuter and words in the singular number shall include plural number. The descriptive headings of the various sections or parts of this manual are for convenience only and shall not affect the meaning or construction, nor be used in the interpretation of, this manual or any of its provisions.

Finally, if any policy or procedure or part thereof contained in this manual is determined invalid in a court of law, or by another appropriate judicial body or agency, such determination will not affect the validity of the remaining policies and procedures or parts thereof.

Note:

Please review the Employment Contract Disclaimer and Signed Acknowledgement Form in the appendix section of this manual.

EMPLOYMENT

EQUAL EMPLOYMENT OPPORTUNITY POLICY

Policy:

Equal Employment Opportunity has, and will continue to be, a fundamental principle at the District, where employment is based upon personal capabilities and qualifications without discrimination because of race, color, religion, sex, age, national origin, marital status, veteran status, disability, sexual orientation, pregnancy or any other protected characteristic as established by law.

Comment:

1. In accordance with federal, state and local laws, it is the policy of the District to provide equal employment opportunities to all qualified persons. All of our personnel policies, procedures and decisions pertaining to hire, promotion, transfer, layoff, rates of pay, discipline, discharge and other terms and conditions of employment are made and executed without regard to race, color, religion, sex, national origin, citizenship status, ancestry, age, marital status, disability (unrelated to an individual's ability to perform the essential functions of the job, association with a person with a disability), unfavorable discharge from military service or military status, sexual orientation or any other category protected by state or federal, and local laws.
2. We make reasonable accommodations when necessary for all employees and/or applicants with disabilities or a sincerely held religious belief, provided the individual is otherwise qualified to perform the essential functions of the job. Such individuals should discuss their need for a reasonable accommodation with the Risk Manager.
3. The Risk Manager has overall responsibility for this policy and maintains reporting and monitoring procedures. If you feel that you have been discriminated against in any respect, you should immediately bring the matter to the attention of the Risk Manager. If you are uncomfortable reporting to the Risk Manager, you should report to your Department Head or the Executive Director.
4. This policy should not be considered an affirmative action policy or plan. For more information on affirmative action policies and plans, you should contact your attorney.

NON-DISCRIMINATION AND ANTI-HARASSMENT POLICY

Policy:

The District is committed to a work environment in which all individuals are treated with respect and dignity. Each individual has the right to work in a work environment free from discrimination and harassment. Therefore, the District expects that all relationships among persons in the workplace will be respectful and free of bias, prejudice and harassment.

It is the responsibility of each and every employee, unpaid intern, officer, park commissioner, agent, volunteer, and vendor of the District, as well as anyone using the District's facilities, to refrain from sexual and other harassment. The District will not tolerate sexual or any other type of harassment of, or by, any of its employees, unpaid interns and elected officials. Actions, words, jokes, or comments based on an individual's sex, race, color, national origin, age, religion, sexual orientation, civil union, disability, handicap, citizenship, marital status, pregnancy, veteran status or any other legally protected characteristic will not be tolerated.

The District prohibits disparate treatment on the basis of sex, sexual orientation, civil union, pregnancy or any other protected characteristic, with regard to terms, conditions, privileges and prerequisites of employment. **Any employee/unpaid intern engaging in practices or conduct constituting sexual harassment, discrimination or harassment of any kind shall be subject to disciplinary action, up to and including discharge. Employees/unpaid interns who have experienced conduct they believe is a violation of this policy should promptly report the violation as provided in this policy.**

Comment:

A. Definitions of Harassment

1. **Sexual harassment** may occur whenever there are unwelcome sexual advances, requests for sexual favors, or any other verbal, physical, or visual conduct of a sexual nature when:
 - a. Submission to the conduct is made either implicitly or explicitly a condition of the individual's employment;
 - b. Submission to or rejection of the conduct is used as the basis for an employment decision affecting the harassed employee; or
 - c. The harassment has the purpose or effect of interfering with the employee's work performance or creating an environment that is intimidating, hostile, or offensive to the employee.

Sexual harassment may include a range of subtle and not so subtle behaviors and may involve individuals of the same or different genders. Depending on the circumstances, these behaviors may include, but are not limited to: unwanted sexual advances or requests for sexual favors; sexual jokes and innuendo; verbal abuse of a sexual nature; commentary about an individual's body, sexual prowess or sexual deficiencies; leering; catcalls or touching; insulting or obscene

comments or gestures; display or circulation in the workplace of sexually suggestive objects or pictures (including through email or text messaging); and other physical, verbal or visual conduct of a sexual nature.

2. **Harassment on the basis of any other protected characteristic** is also strictly prohibited. Under this policy, harassment is verbal or physical conduct that denigrates or shows hostility or aversion toward an individual because of his/her race, color, religion, sex, sexual orientation civil union, age, national origin, disability or any other characteristic protected by law, and that: (i) has the purpose or effect of creating an intimidating, hostile or offensive work environment; (ii) has the purpose or effect of unreasonably interfering with an individual's work performance; or (iii) otherwise adversely affects an individual's employment opportunities.

Harassment may include, but is not limited to: epithets, slurs or negative stereotyping; threatening, intimidating or hostile acts: denigrating jokes and display or circulation in the workplace of written or graphic material that denigrates or shows hostility or aversion toward an individual or group (including through email and text messaging).

Conduct prohibited by these policies is unacceptable in the workplace and in any work-related setting outside the workplace, such as during business trips, professional conferences, business meetings and work-related social events.

B. **Retaliation is Prohibited**

The District prohibits retaliation against any individual because he/she reported discrimination or harassment, participated in an investigation of such reports, or filed a charge of discrimination or harassment. Furthermore, **no** supervisor, manager or officer has the authority to require employees to tolerate or agree to **any** conduct that violates this policy in order to receive any job benefit, including compensation, duties, assignments, promotions, etc. A violation of this policy will result in disciplinary action, up to and including discharge.

C. **Reporting Procedure**

1. The District takes allegations of discrimination and harassment very seriously and strongly urges the reporting of all incidents of discrimination, harassment or retaliation, regardless of the offender's identity or position. Immediate reporting and intervention have proven to be the most effective method of resolving actual or perceived incidents of harassment or discrimination. Therefore, the District strongly urges the immediate reporting of complaints or concerns so that rapid and constructive action can be taken.
2. If you experience or witness harassment or discrimination of any kind, you should follow the steps below. In addition to following the steps below, you should also document or record each incident (what was said or done, by whom, the date, time and place, and any witnesses to the incident). Written records such as letters,

notes, memos, email, and telephone messages are helpful during an investigation of your complaint.

- a. **Direct Communication with Offender:** If there is harassing or discriminatory behavior in the workplace, you should directly and clearly express your objection to the offending person(s) regardless of whether the behavior is directed at you (if you feel comfortable doing so). If you are the harassed employee/unpaid intern, you should clearly state that the conduct is unwelcome and the offending behavior must stop (if you feel comfortable doing so). However, you are not required to directly confront the person who is the source of your report, question, or complaint before notifying any of those individuals listed below. The initial message may be oral or written, but documentation of the notice should be made. If subsequent messages are needed, they should be put in writing.
- b. **Report to Supervisory and Administrative Personnel:** At the same time direct communication is undertaken, or in the event you feel threatened or intimidated by the offending person, you should promptly report the offending behavior to your Direct Supervisor, Department Head or Executive Director. If you feel uncomfortable doing so, or if your Direct Supervisor and/or Department Head is the source of the problem, condones the problem or ignores the problem, report directly to the Executive Director. If the Executive Director is the source of the problem, condones the problem, or ignores the problem, you should contact the President of the Park Board. In all of the aforementioned situations and in (c) below, use the Discrimination/Harassment/Retaliation Complaint Form found in the appendix section of this manual.
- c. **Report to Executive Director:** An employee may bypass the reporting procedure in subsection (b) by reporting incidents of harassment or discrimination directly to the Executive Director. The Executive Director or his designee will promptly investigate your complaint and take any necessary remedial measures. If your complaint alleges harassment by the Executive Director, or if the Executive Director condones the problem or ignores the problem, you should immediately report the incident or incidents in writing directly to the President of the Park Board. An investigation will be conducted and any necessary remedial measures will be taken. At no time will personnel involved in the alleged harassment conduct the investigation.

D. Harassment Allegations Against Non-Employees/Third Parties

1. If you make a complaint alleging harassment or discrimination against an agent, vendor, supplier, contractor, volunteer or person using District programs or facilities, the Executive Director or his designee will investigate the incident(s) and take any necessary remedial measures.

E. Responsibility of Supervisors and Witnesses

1. Any supervisor or manager who becomes aware of or witnesses any possible sexual or other harassment or discrimination of, or by, any employee/unpaid intern must promptly notify the Executive Director.

F. The Investigation

1. Any reported allegations of harassment, discrimination or retaliation will be investigated promptly. The District will make every reasonable effort to conduct an investigation in a confidential manner. However, it is impossible to guarantee absolute confidentiality. The investigation may include individual interviews with the parties involved, and where necessary, with individuals who may have observed the alleged conduct or may have other relevant knowledge. The District reserves the right and hereby provides notice that third parties may be used to investigate claims of harassment. You must cooperate in any investigation of workplace wrongdoing or risk disciplinary action, up to and including termination.

G. Honesty in Making Complaints and Participating in Investigations of Complaints

1. The District expects employees making complaints under this policy or participating in investigations of such complaints to be honest and forthright in their statements, just as they would in any other dealings with the District. Failure to be honest or forthright during the complaint or investigation process is considered severe misconduct and may result in disciplinary action, up to and including discharge.

a. The Illinois Department of Human Rights

- (1) While we hope to be able to resolve any complaints of harassment within the District, we acknowledge your right to contact the Illinois Department of Human Rights (IDHR) at the James R. Thompson Center, 100 West Randolph Street, Suite 10-100, Chicago, Illinois 60601, about filing a formal complaint. The IDHR will investigate your complaint, and if it determines that there is sufficient evidence of harassment to proceed further, it will file a complaint with the Illinois Human Rights Commission (HRC), located at the same address on the fifth floor. If the IDHR does not complete its investigation within 365 days, you may file a complaint directly with the HRC between the 365th and the 395th day.

AMERICANS WITH DISABILITIES ACT POLICY

Policy:

The District is committed to complying with all applicable provisions of the Americans with Disabilities Act (ADA). It is the District's policy not to discriminate against any qualified employee or applicant with regard to any terms or conditions of employment because of such individual's disability or perceived disability. Consistent with this policy of non-discrimination, the District will provide reasonable accommodations to a qualified individual with a disability, as defined by the ADA, who has made the District aware of his or her disability, provided that such accommodation does not constitute an undue hardship on the District.

Comment:

1. The District will make all decisions concerning the recruitment, placement, selection, training, hiring, advancement, discharge or other terms, conditions, or privileges of employment based on job-related qualifications and abilities.
2. Employees with a disability who believe they need a reasonable accommodation to perform the essential functions of their job should contact their Department Head. The District encourages individuals with disabilities to come forward and request reasonable accommodation. If you feel uncomfortable making an accommodation request to your Department Head or you are dissatisfied with the response to your accommodation request, notify the Risk Manager, who is the District's acting ADA Coordinator. In any of the aforementioned situations, use the Accommodation Request Form found in the appendix section of this manual.
3. Upon receipt of an accommodation request, your Department Head and your Direct Supervisor will meet with you to discuss your accommodation request. You may be required to provide documentation from your treating physician with your accommodation request.
4. Reasonable accommodation requests will be on a case-by-case basis. The District will inform the employee of its decision on the accommodation request or on how to make the accommodation. If the accommodation request is denied, employees will be advised of their right to appeal the decision by submitting a written statement explaining the reasons for the request. If the request on the appeal is denied, such decision is final.
5. An employee or job applicant who has questions regarding this policy or believes that he or she has been discriminated against based on a disability should immediately notify the Risk Manager.

6. See the following forms, which are located in the appendix section of this manual:
 - a. Accommodation Request
 - b. Medical Information Release

PREGNANCY DISCRIMINATION POLICY

Policy:

The District prohibits and does not tolerate discrimination against anyone on the basis of pregnancy and is committed to making reasonable accommodation related to pregnancy, childbirth, and medical or common conditions related to pregnancy or childbirth. The District will treat all applicants and employees who are pregnant in the same manner as any other applicant or employee with regard to job-related functions, benefits, opportunities, and purposes. No person or employee, no matter his or her title or position, has the authority, whether express, actual, apparent or implied, to discriminate against a pregnant employee or applicant.

The District will not deny or remove a pregnant employee from a position because the employee is pregnant, considering pregnancy, or experiencing any pregnancy-related problems. All decisions regarding a pregnant employee's placement in or continuation in a job will be based on the same consideration that governs all employment decisions—the employee's ability to satisfactorily perform the essential duties of the job in question, with or without reasonable accommodation.

If you have a question, complaint, or problem related to pregnancy discrimination, you should relate such question, complaint, or problem to your Department Head. If you feel uncomfortable doing so, or if your Department Head is the source of the problem, condones the problem, or ignores the problem, report to the Executive Director.

If neither of these alternatives is satisfactory to you, then you can direct your questions, problems, complaints, or reports to the President of the Park Board. You are not required to directly confront the person who is the source of your report, question, or complaint before notifying any of those individuals listed.

Comment:

A. Reasonable Accommodation

1. Employees who believe they need a reasonable accommodation to perform the essential functions of their job should contact their Department Head. The District encourages employees to come forward and request reasonable accommodation. If you feel uncomfortable making an accommodation request to your department head, or you believe your accommodation request was not properly managed, report the occurrence to the Executive Director.
2. On receipt of an accommodation request, your Department Head and your Immediate Supervisor will meet with you to discuss and identify the precise limitations resulting from the pregnancy and the potential accommodation the

District might make to help overcome those limitations to allow you to perform the essential job functions of your position.

3. The District will determine the feasibility of the requested accommodation, considering various factors, including but not limited to, the nature and cost of the accommodation, the District's overall financial resources, the accommodation's impact on the operation of your Department, including the ability of other employees to perform their duties, and the District's ability to provide its services to the public.
4. What is considered a reasonable accommodation will be based on a case-by-case analysis. The District will inform the employee of its decision on the accommodation request or on how to make the accommodation. If the accommodation request is denied, employees/unpaid interns will be advised of their right to appeal the decision by submitting a written statement explaining the reasons for the request.
5. While we hope to be able to resolve any complaints of discrimination within the District, we acknowledge your right to contact the Illinois Department of Human Rights (IDHR) at the James R. Thompson Center, 100 West Randolph Street, Suite 10-100, Chicago, Illinois, 60601, about filing a formal complaint, and if it determines there is sufficient evidence of discrimination to proceed further, it will file a complaint with the Illinois Human Rights Commission (HRC), located at the same address on the fifth floor. If the IDHR does not complete its investigation within 365 days, you may file a complaint directly with the HRC between the 365th and the 395th day.

CHILD LABOR LAWS: EMPLOYMENT FOR MINORS

Policy:

The District complies with all Illinois Child Labor Laws regarding the employment of minors. In addition to complying with all of the applicable laws, approval must be given by the appropriate Department Head or the Executive Director prior to hiring any minor under the age of 16.

Comment:

1. All minors under age 16 must have an Employment Certificate before they will be allowed to work for the District. The Employment Certificates are issued by the Superintendent of Schools or a duly authorized agent.
2. For purposes of this policy, “school day” means any day when school is in session and “school week” means any week where one or more days are school days.
3. Federal and Illinois Child Labor Laws mandate that a minor under the age of 16 cannot work the following hours:
 - a. During school hours when school is in session;
 - b. More than six consecutive days in a calendar week;
 - c. Over 48 hours in a calendar week and over eight hours a day when school is out;
 - d. Earlier than 7 a.m. and later than 7 p.m., except from June 1 to Labor Day, when the minor may work until 9 p.m.;
 - e. Over three hours a day when school is in session;
 - f. Over eight hours a day combining school and work; and
 - g. Over 18 hours in a calendar week when school is in session.
4. An unpaid meal period of at least 30 minutes must be provided to minors no later than the fifth consecutive hour of work.
5. Minors over 14 who work in a recreational or educational activity at a park district or municipal park can work on a school day until 9 p.m. when school is in session, up to twice per week or until 10 p.m. during summer vacation.

6. Employees under age 16 are not permitted to supervise any part of the transportation of camp, field trips, or other District-sponsored program participants to or from District-sponsored activities, including loading participants or materials onto a bus prior to departure, supervising the participant (or performing any other work) during the ride to and from the activity, and unloading participants or materials upon arrival at the activity or back at the point of departure. Employees under the age of 16 are relieved of all duties during this time and are not to resume their duties until all participants and materials have been unloaded from the bus.

CLASSIFICATION, DEFINITIONS AND STATUS OF EMPLOYEES

Policy:

Employees are designated as full-time by the Executive Director or Park Board when they have completed their Introductory Employment Period. Full-time employees are generally scheduled to work at least 40 hours per workweek. Full-time employees may be required to work additional hours as necessary to complete all assigned tasks and as-needed during busy periods. Part-time employees are excluded from the full-time employee classification, regardless of the number of hours worked.

1. Exempt employees are classified as such if their job duties are exempt from the overtime and compensatory provisions of the federal and state wage and hour laws. Exempt employees are not eligible for overtime pay. Their compensation is calculated on a bi-weekly basis. Full-time employees must utilize a time clock and/or time sheets.
2. Non-exempt employees receive overtime pay for hours worked over 40 in a work week in accordance with our overtime policies. Their compensation is calculated on an hourly basis. Non-exempt employees must utilize a time clock and/or time sheets.
3. During the first four months of full-time employment (28 days for part-time) with the District (the “Introductory Employment Period”), all employees are classified as Introductory Employees for purposes of orientation, evaluation, and training, if any. Introductory Employees also include employees who have previously served with the District and are beginning a new position.
4. During their Introductory Employment Period, newly hired full-time employees will be paid for holidays recognized by the District that are applicable to their employment classification. They will not be entitled to vacation days or personal days off during the Introductory Employment Period. Other employee benefits such as dental insurance and health insurance stipend will be applicable as required, or as mandated by the District’s agreement with the group insurance provider or by District policy. Transferred or promoted employees will continue with the same benefits, if any, they had previously unless the employee’s new position provides for different or no benefits, in which case the employee will receive the benefits provided by the new position, if any, at the completion of the Introductory Period.
5. Employees who are designated as part-time by the Executive Director or the Park Board and who have completed their Introductory Employment Period, are classified under one of the following two categories, depending on work schedule:
 - a. Classification I: Part-time employees generally scheduled to work at least 1,000 hours during the calendar year.

- b. Classification II: Part-time employees generally scheduled to work less than 1,000 hours during the calendar year.
- 6. Part-time employees are classified as exempt or non-exempt and may be required to work more than their generally scheduled hours during busy periods. The number of hours that a part-time employee actually works will not change the employee's status or classification as a part-time employee. Unless specifically stated otherwise in writing by the Executive Director or the Park Board, part-time employees are ineligible to receive benefits.

ANTI-NEPOTISM

Policy:

Any relative of an employee or a member of the Park Board will be considered for employment by the District under certain conditions.

Comment:

1. An employee or Park Board member's immediate family will be considered for employment on the basis of his/her qualifications. Unless approved by the Executive Director, immediate family may not be hired, however, if employment would:
 - a. Create a supervisor/subordinate relationship with a family member or if employment would be in the same department of the family member;
 - b. Have the potential for creating an adverse impact on work performance; or
 - c. Create either an actual conflict of interest or the appearance of a conflict of interest.

This policy will also be applied when assigning, transferring, or promoting an employee. For the purpose of this policy, immediate family includes: spouse, civil union partner, parent, child, sibling, in-law, aunt, uncle, niece, nephew, grandparent, grandchild, and members of the same household. This policy also applies to romantic relationships. (Please review the District's Romantic or Sexual Relationships Policy.)

Employees who become immediate family members or establish a romantic relationship may continue employment as long as it does not involve any of the situations detailed above. If one of the conditions outlined should occur, attempts will be made to find a suitable position within the District to which one of the employees will transfer. If employees become immediate family members or establish a romantic relationship, the District will make reasonable efforts to assign job duties so as to minimize problems of supervision, safety, security or morale. If accommodations of this nature are not feasible, the employees will ordinarily be permitted to determine which of them will resign. The District retains the sole discretion of who will remain employed.

HIRING PROCEDURES

Policy:

The District attempts to hire and retain the best available, suitable and qualified individuals for all staff positions determined in its sole discretion. The District may need to reorganize departments or reassign responsibilities within a department or position from time to time in order to best serve the public and better utilize its limited resources.

Comment:

1. Full-time position vacancies are usually not posted at any District facility but may be posted on the District's website as well as state and/or national job services. Part-time and seasonal openings are available at Duis Center and Westwood and on the District's website. The District may recruit applicants for positions and vacancies from inside or outside of the organizations.
2. Employees interested in a particular opening should notify their Direct Supervisor and then the position's supervisor. All transfers and advancement will be made on the basis of past performance, ability, attitude, aptitude and other relevant job-related criteria as determined by the District in its sole discretion. Please note that employees requesting a transfer or promotion are subject to the same selection process and employment test requirements as outside applicants.
3. An employee who voluntarily leaves the District in good standing shall be eligible for rehire. If an employee is rehired within six (6) months, no pre-employment tests are required. After six (6) months a rehire will be required to take all necessary pre-employment tests as outlined in this manual. After twelve (12) months, a rehire in addition to all necessary pre-employment tests will also be required to attend an orientation session.
4. Individuals interested in a particular position opening must complete an application for employment. The initial application will consist of a District application form and may require a letter of application and a resume. Applicants, including current employees, are required to furnish information and complete any and all forms deemed necessary, in the District's sole discretion, to satisfactorily inform the District of an applicant's qualifications and suitability for a position with the District. Providing false, incomplete or misleading information in the employment application or other materials submitted in connection with an application, or in response to any questions, no matter when discovered, may result in a non-hire decision, rescission of an offer of employment, or termination of employment.
 - a. The selection process involves an evaluation of the applicant's apparent qualifications for the position sought. This includes, but is not limited to, a review of the application materials, one or more interviews by phone or in person, verification of information obtained from the application or interview, checking of references, testing and/or any other means required

to adequately evaluate an applicant's apparent qualifications and suitability to perform properly the necessary and essential functions of the particular position. We attempt to base employment, advancement and promotion on a person's apparent suitability for the position including, without limitation, his or her past performance, future potential, aptitude and attitude.

- b. The selected applicant for a full-time position may be given a formal, written offer of employment via a conditional job offer, which will include the job title, expected starting date, and any other details related to the position. The offer of employment will be contingent upon the individual's successful completion of one or more pre-employment tests and criminal background checks applicable to the position. A copy of the offer letter, signed by the Executive Director, will be placed in the employee's personnel file. This employment offer does not constitute an offer for an actual or implied employment contract and will not change or modify the at-will employment relationship between employee and the District
5. No later than the first day of employment, District employees are required to provide adequate documentation of their eligibility to work in the United States. All new employees will be required to furnish the District with proof of citizenship or right to work by completing the Federal Form I-9 and providing appropriate supporting documentation no later than the first day of employment.
6. All employees are required to furnish the District with certified proof of date of birth at the time when a conditional job offer is made.
7. The District may reimburse new full-time hires, at the discretion of the Executive Director a portion of the employee's relocation cost.

PRE-EMPLOYMENT TEST

Policy:

One or more tests may be required for certain positions, including without limitation, transferred and promoted employees.

Comment:

1. The District requires all full-time employees, and may require part-time/seasonal parks/maintenance staff, equipment operators, drivers of agency vehicles and other positions deemed appropriate, to successfully complete a medical examination after a conditional offer of employment and prior to starting employment. This medical examination is necessary to determine if the employee can perform the essential functions of the job offered to him or her with or without reasonable accommodations on the part of the District. The District will also require drug testing for all applicants offered full-time, part-time or seasonal positions with the District. Parks and maintenance staff and other positions may be required to complete a functional job screening after a position has been offered to the employee but prior to starting employment.
2. At the District's expense, the medical examination can be conducted by a physician chosen by the employee. Employees must consent to the disclosure of the physician's findings, conclusions, and opinions to the District and the results will be placed in your medical file.
3. Employees may be required to undergo subsequent medical examinations when such examinations are job-related and consistent with business necessity. Such examinations will be conducted under the same procedures and guidelines as outlined above for pre-employment medical examinations.
4. The District is required by state statute (70 ILCS 1205/8-23) to obtain criminal conviction information concerning all applicants, and shall perform a criminal background check for applicants for all positions. Pursuant to statute, any conviction of offenses enumerated in subsection (c) of said statute shall automatically disqualify the applicant from consideration for working for the District. Any other conviction(s) shall not automatically disqualify the applicant from consideration, but rather, the conviction(s) will be considered in relationship to the specific job. Applicants are required to disclose sealed or expunged records of corrections. Applicants may be required to submit fingerprints and/or other identification information in order to facilitate such an investigation. All information concerning the record of convictions shall be confidential and will only be transmitted to those persons who need to know.
5. Employees who are required to have a commercial driver's license (CDL) for their position with the District will be tested in accordance with the Park District's Controlled Substance and Alcohol Testing Policy.

6. Any employee who may be expected to drive either his or her personal vehicle or a District vehicle in the course of his or her normal duties will be required to have a valid driver's license with the proper classification for the vehicle(s) the employee is expected to operate. Before such an employee has started work, and generally on an annual basis thereafter, the District will request a driver's license abstract review from the Illinois Secretary of State's Office.

ORIENTATION

Policy:

Newly hired employees or employees who, because of a transfer, promotion or reclassification, are in a different employment classification or are entitled to different benefits, must report to the Business Services Manager or the Executive Director's designee on or before the first day in that position to complete the necessary paperwork.

Each employee, including transferred or promoted employees or former employees who are rehired, may be required to complete an orientation session before the first day of their employment in their new position. The orientation process may include training required by both governmental regulations and compliance with the regulations and guidance promulgated by the Park District Risk Management Agency (PDRMA). Employees will be required to sign an Employee Orientation Checklist to confirm that they have received and understand the necessary material.

INTRODUCTORY EMPLOYMENT PERIOD

Policy:

Every new employee goes through an initial period of adjustment in order to learn about the District and about his or her job. During this time, the employee will have an opportunity to find out if he or she is suited to, and likes, his or her new position.

Additionally, the Initial Employment Period gives the employee's supervisor a reasonable period of time to evaluate the employee's performance, including determining if he or she appears to possess the aptitude and attitude necessary for the employee to meet the required standards and expectations of the position he or she has been offered. The Introductory Employment Period is *three* (3) months for full-time employees and 28 days for part-time employees.

The employee's Direct Supervisor will utilize the Introductory Employment Period to assist the employee in adjusting to his or her new position and for the orientation and training, if any. The employee may be discharged at any time during this period if his or her supervisor concludes that he or she is not progressing or performing satisfactorily. In some circumstances, the Initial Employment Period may be extended. Additionally, as is true at all times during an employee's employment with the District, employment is not for any specific time and may be terminated at will, with or without cause and without prior notice, including prior to the end of the Introductory Employment Period.

At the end of the Introductory Employment Period, the employee and his or her supervisor may discuss the employee's performance or provide a performance evaluation for the employee. Provided the employee's job performance meets the expectations of the District at the end of the initial employment period, the employee will continue in the District's employ as an at-will employee. Successful completion of the Initial Employment Period does not guarantee continued employment for any specific period of time or otherwise create an employment contract between the employee and the District.

HOURS OF WORK POLICY

It is the policy of the District to establish the time and duration of working hours subject to the financial and staffing requirements of the District, which may vary among departments. The District compensates all employees in accordance with state and federal laws.

Comment:

1. The workweek begins at 12:00 a.m. on Monday and ends at 11:59 p.m. the following Sunday. No employee is guaranteed any specific number of hours per day or per week.
2. The work schedule for employees will be determined by the Executive Director, each Department Head or their designee(s). The Executive Director, Department Head or their designee(s) will inform employees of their daily schedule of hours of work, including meal periods, and of any changes deemed necessary or desirable by the District.
3. Non-exempt employees (i.e., an employee entitled to the overtime pay) are entitled to overtime compensation at the rate of 1½ times their regular rate of pay for all hours worked in excess of 40 in a single workweek. Overtime and premium pay (i.e., on-call pay) cannot be pyramided, i.e., you cannot be paid overtime and premium pay twice or both premium pay and overtime pay for the same hours worked. Hours not actually worked but paid for, such as vacation, holidays, sick days or other similar types of leaves, are not counted as hours worked for purposes of calculating overtime. For exempt employees, your regular salary compensates you for all hours worked during the preceding payroll week, regardless of the number of hours actually worked.
4. Because of the nature of the parks and recreation field and the public services to be rendered, non-exempt employees may be required to work more than their scheduled hours per workweek. Depending on the District's work needs, employees may be required to work overtime. Employees are required to work overtime when necessary and any employee's unwillingness or refusal to do so may be cause for disciplinary action, up to and including dismissal. For all non-exempt employees, prior approval from the employee's Direct Supervisor is required before any non-exempt employee works overtime. Employees working overtime without approval may be subject to disciplinary action, up to and including dismissal.
5. All employees (except Executive Director) are required to accurately record their actual hours worked by using either using an electronic time clock and/or a manual timesheet. The time records (i.e., electronic time clock/timesheet), which must be approved by your Direct Supervisor, are the basis for your paycheck calculation. If you feel that your time record/time sheet is not accurate, please inform your supervisor or Department Head, who will take all necessary steps to correct any errors. Employees should not punch in 15 minutes before their

scheduled shift begins and should not punch out more than 12 minutes after their scheduled shift ends, without prior approval from your Direct Supervisor or Department Head. Your time record covers two work weeks. Time is computed to the nearest quarter of an hour.

6. All employees who work 7½ consecutive hours or more must receive an unpaid 30-minute meal period before the fifth hour of work.
7. Employees must swipe in/out or sign in/out each time they leave and return from a meal period. Employees using a manual timesheet and not swiping a card are responsible for accurately recording their own time records. Violation of this policy may result in appropriate disciplinary action, up to and including immediate discharge. The following points should be considered when completing a time record:
 - a. Swiping another employee's timecard or falsification of your own time record/sheet is prohibited and is grounds for disciplinary action, up to and including dismissal.
 - b. When a time clock is available/designated, employees must swipe-in and swipe-out.
 - c. When a time clock is not available/designated, the employee must sign in/out on a District-approved timecard or timesheet, as authorized by the employee's Direct Supervisor.
 - d. If an employee fails to swipe in/out or sign in/out, they must complete an Employee Timecard Change Form and submit it to their Direct Supervisor. In addition, the employee must call (815) 622-7827 at the time of the problem from a District phone to report the problem
 - e. Failure to swipe in/out or sign in/out can result in disciplinary action, up to and including immediate discharge.
 - f. An employee's work period begins and ends when his or her scheduled shift begins and ends, not when he or she swipes in/out or signs in/out
 - g. Employee time records are to be checked by designated full-time supervisors. Time records are not to be altered. Timecard Change Forms are to be completed and given to the employee's Direct Supervisor when changes are warranted. Timecard Change Forms are to be completed by the employee and not the supervisor.
8. Non-exempt employees' attendance at meetings or training programs will be considered hours worked if such attendance is requested by the District and the meetings or training programs are held during the employee's regular work schedule. Employees who voluntarily attend meetings not related to the performance of their job and outside of their regular work schedule will not be

compensated for this time. Employees required to attend mandatory meetings outside of their regular work schedule will be compensated for this time at their regular rate of pay or overtime rate (if applicable).

9. Non-exempt employees required to be “on-call” after normal working hours or are called in because of an emergency will be paid 1½ times the employee’s regular rate of pay with the following guidelines:
 - a. Employee must be able to respond to a call and be on-site within 30 minutes of the call;
 - b. The employee will be paid for time spent at the site of the emergency call only;
 - c. The employee will also be paid 30 minutes (total) of travel time for transportation time to and from the site; and
 - d. Alcoholic beverages may not be consumed while on call.
10. Employees who are issued time clock badges are responsible for their time badges. Employees must take their time badge with them when they leave District property. Time badges left on District property will be confiscated. A confiscated time badge will be treated as a lost badge. Employees must notify their Direct Supervisor if their time badge is lost or misplaced. Employees must have a replacement badge before they can work again. An escalating fee, as determined by the Executive Director, will be assessed for replacement badges. Employees, who habitually lose, misplace or damage their time badges can face disciplinary action, up to and including discharge.
11. Exempt employees are not entitled to receive overtime compensation. However, they may be eligible for paid administrative time off as a reward for working abnormally long hours at the discretion of and with the approval of the Executive Director. Paid administrative time off will not be granted on an hour-for-hour matching basis, but will be determined by the Executive Director. Paid administrative time off for exempt employees will only be considered when all of the employees’ vacation days and personal days are exhausted. Paid administrative time off cannot be used as a substitute for sick time. Employees will not be allowed to accumulate or otherwise “bank” paid administrative time off. Paid administrative time off may only be taken as time off and will not be cashed out under any circumstances.
12. All exempt employees must maintain a regular schedule of work hours. These hours may be changed only with the approval of the Department Head and/or the Executive Director.
13. If an employee feels that they have not been compensated for all hours worked, or if a deduction from their paycheck was improper, the employee should immediately notify their Direct Supervisor.

WORK SCHEDULES

Policy:

Department work schedules are established by the Direct Supervisor, Department Head or the Executive Director based on the needs of the District. The number of working hours that will be scheduled is subject to the financial and staffing requirements of the District and employees are not guaranteed any specific number of hours per day or week. The responsibilities of certain positions may require an employee to be on call on a 24-hour basis. On-call employees will be compensated during the time they are required to be on-call under (see the applicable policy in this manual). At the District's discretion, the District may change the work schedules.

Comment:

1. Any change in work schedules or exchange of work periods among employees may not be made without the prior, written approval of your Direct Supervisor. Violation of this policy may result in disciplinary action, up to and including dismissal.
2. See applicable policies in this manual for additional information about work schedules.

RECORDING OF HOURS WORKED

Policy:

Non-exempt employees, and exempt employees designated by the Executive Director, are required to maintain an accurate and legible record of the hours worked by the method or methods approved by the District. These time records, which must be approved by your Direct Supervisor, are the basis for your paycheck calculation. You are responsible for your own time records. Violation of this policy may result in appropriate disciplinary action, up to and including immediate discharge.

Comment:

1. See applicable policies in this manual for additional information about Hours of Work and the recording of those hours worked.

PAYROLL PERIODS AND PAYDAY

Policy:

District employees are paid bi-weekly (every other) on Friday. Hourly employees are paid every other Friday for the two-week (14 day) period which ends at 11:59 p.m. the preceding Sunday. Salaried employees are paid every other Friday for the two-week (14 day) period ending on the day of pay. If payday falls on a District-recognized holiday, employees will be paid on the preceding working day. Paychecks will be delivered to the designated facility and will be available for pickup after 2:00 p.m. Paychecks may not be given to anyone other than the employee or mailed to the employee without written consent given at orientation. Employees should make arrangements with their Direct Supervisor to collect their paycheck if they are not scheduled to work on a payday. If employment is terminated in the middle of a pay period, the employee will be paid for the actual hours they worked up to termination day.

Comment:

1. Employees may be paid by check or through direct deposit of funds to either a savings or checking account at their bank of choice (provided the bank has a direct deposit capability). To activate direct deposit, a Direct Deposit Authorization Form (which may be obtained from your Direct Supervisor) must be completed and returned with a voided personal check or deposit slip to your Direct Supervisor. Due to banking requirements, it may take several weeks to activate the direct deposit.
2. In the event of a lost paycheck, the employee must notify their Direct Supervisor as soon as possible before a replacement check can be issued. In the event the lost paycheck is recovered and the District identifies the endorsement as that of the employee, the employee must remit the amount of the replacement check to the District within 24 hours of the time it is demanded. The employee is responsible for reimbursing the District for any stop-payment fees associated with a lost paycheck.
3. Paychecks left at a facility for more than one month will be mailed. Direct deposit notifications left for more than a month will not be mailed however.

TELECOMMUTING POLICY

Policy:

In order to accommodate the needs of our employees, the District will permit some employees in specific positions to telecommute and work at home as long as telecommuting does not impact the employee's productivity or adversely affect the efficient operation of the District. Some District positions, by their very nature, do not lend themselves to telecommuting. For example, positions that require the supervision of other employees usually cannot be performed off site since it is an integral part of those positions for the supervisors to be able to answer questions and assist employees in their growth and development. The District will determine whether a specific job may be performed effectively off site and whether an individual is effective working without supervision at home.

Comment:

1. When considering telecommuting, the Direct Supervisor and the employee are responsible for ensuring that the following conditions are met:
 - a. Telecommuting does not adversely affect the District, departmental assignments/projects, customer relations, or other departments;
 - b. There is adequate and suitable work available for the employee to perform at home with no supervision;
 - c. The position is appropriate for a telecommuting arrangement; and
 - d. The employee has maintained a good work record prior to making his or her request to telecommute (i.e., no excessive or unexcused absences and no disciplinary action within the last 12 months of employment).
2. Employees interested in telecommuting should discuss with their Direct Supervisor whether telecommuting is an option in their current position. If the Direct Supervisor agrees, the employee and Direct Supervisor must submit a written request to the Department Head and the Executive Director. The request needs to include:
 - a. The hours and days the employee must be present in the workplace. (Note: The employee must spend at least three days per week in the workplace and the employee is responsible for attending all scheduled meetings, whether or not those meetings take place on the scheduled days in the workplace.)
 - b. Acknowledgement that the employee has a suitable home office environment equipped with computer, Internet access, telephone and other support systems.

- c. The performance criteria that will be used to determine whether the telecommuting arrangement is effective.
 - d. The reporting requirements for the telecommuting employee (i.e. how often the employee will “check-in”).
 - e. Acknowledgement that the telecommuting arrangement is not intended to be permanent, will be reviewed on an as-needed basis, and may be revised or discontinued at any time, with or without advance notice.
 - f. Acknowledgement that the employee remains employed at will and that the telecommuting agreement does not constitute a contract of employment.
 - g. Acknowledgement that violation of the telecommuting arrangement will result in discipline, up to and including termination (for example, engaging in personal activities when scheduled to work from home).
3. In order to be eligible for telecommuting, the employee must have been employed full-time by the District for at least one year.

OUTSIDE EMPLOYMENT

Policy:

If you are a full-time employee, you may secure employment/work (paid or non-paid) outside of your job with the District, subject to certain restrictions as outlined below:

Comments:

1. Approval (see applicable form in appendix section of this manual) from your Department Head and the Executive Director is required prior to beginning any outside employment.
2. Approval will not be given if the outside employment presents a possible conflict of interest or interferes with you fulfilling your responsibilities at the District. Such conflict of interest would include, but not be limited to, working for persons or companies with whom the District conducts any form of business. Interfering with responsibilities would include, but not be limited to, not being able to work at the District during the times that you are scheduled or requested to work because of the outside employment.
3. Accepting outside employment without prior approval or failure to terminate outside employment when so directed by your Department Head and Executive Director may be cause for disciplinary action, up to and including termination.

EMPLOYMENT IN MORE THAN ONE DEPARTMENT

Policy:

Full-time and part-time employees are usually hired for a specific position in a department. Provided that your primary job with the District is not compromised in any manner and you receive advance permission from your Direct Supervisor, you may work an additional part-time or seasonal job with the District. Permission may be subsequently revoked, however, if the District determines in its sole discretion that such job adversely interferes with your primary job.

Comments:

1. The Executive Director must approve the dual employment of all full-time employees.
2. When an employee with dual employment is discharged for any reason from one department, he or she will be considered discharged from the District.

RESIDENCY REQUIREMENTS

Policy:

It is the policy of the District to require full-time employees to maintain their domicile and bona fide place of residence within certain proximity of Sterling Township.

Comment:

1. All full-time employees will be required to maintain their domicile and bona fide residence within a 15-mile radius of Sterling Township, unless approval is given by the Executive Director. Unless approval is given by the Executive Director, any full-time employee who fails to comply with this policy shall be subject to immediate termination by the District.
2. Part-time and seasonal employees shall have no residency requirements.

COMPENSATION PROGRAM

Policy:

The Park Board generally reviews the District's compensation program annually and any changes made in the compensation program will be established by the Park Board.

Comment:

1. Under usual and appropriate circumstances, full-time employees will be considered for salary adjustments on an annual basis, which will be based on several factors, including without limitation, performance. Any adjustments will generally be effective on a schedule predetermined by the Executive Director. Part-time employees will be considered for salary adjustment based on several factors, including without limitation, performance on either their anniversary date or on a schedule predetermined by the Executive Director. Employees receiving an unsatisfactory performance evaluation are not eligible for any wage increase and may be subject to disciplinary action, up to and including dismissal.
2. All salary and wage decisions are made at the sole discretion of the District, and no guarantee is made of wage increases either annually (for full-time employees) or on an anniversary date (for part-time employees).

PERFORMANCE EVALUATION

Policy:

The District uses a variety of performance appraisal methods for full-time and part-time employees to provide a means of evaluating an employee's performance and progress. The performance appraisal assists the District in making personnel decisions related to such matters as promotions, transfers, demotions, terminations and salary adjustments. Performance appraisals become and continue to be an essential part of an employee's personnel records.

Comment:

1. Employees usually receive a performance review annually. If an employee's job responsibilities change substantially at any time after the annual performance review, however, another performance review may be performed before the next annual review, after the new assignment has begun. Formal evaluations generally will be conducted by your Direct Supervisor on a pre-determined annual schedule as set forth by the Executive Director. In addition, you or your supervisor may request an informal review at any time.
2. Your Direct Supervisor, Department Head and/or Executive Director observe and evaluate your performance on a daily basis. They will attempt to notify you of observed deficiencies in your work performance or inappropriate conduct.
3. If you receive an unsatisfactory formal performance evaluation, you may be subject to disciplinary action, up to and including termination.
4. If you disagree with a formal performance evaluation, you may request another interview with your Direct Supervisor to discuss the evaluation. If an agreement is not reached as to the evaluation, you may:
 - a. Request in writing, within five working days of receipt of your performance evaluation, a meeting with the supervisor at the next level of authority in your department. Your request must include an explanation as to why you believe your performance evaluation should be changed. You must attach to your request any supporting documentation. If you do not timely request a meeting, the evaluation of your Direct Supervisor will be final and a copy of your evaluation will be placed in your personnel file. If you timely request a meeting, the supervisor will meet with you and investigate the circumstances surrounding your evaluation. The supervisor will generally issue a written determination within ten days of receipt of your written request. If you are not satisfied with the determination at this stage, you may continue this process through each succeeding supervisory level up to the Executive Director. Any decision of the Executive Director shall be final.

You may also prepare a written response stating your position or objection to your evaluation and requesting that your response be placed in your personnel file.

SEPARATION OF EMPLOYMENT

Policy:

Employment with the District is on an at-will basis. This means that both employees and the District have the right to terminate employment at any time with or without cause or notice.

Comment:

1. The District may, in its sole discretion, determine the number of employees needed in any given area at any given time, including the reduction or layoff of staff.
2. As an at-will employee, you may resign from your position with the District at any time, with or without notice or cause. However, the District requests that an employee give their Direct Supervisor sufficient notice of their intention to resign to enable the District to minimize departmental hardship and to make proper provisions for the filling of the employee's position. The District requests that the employee give written notice to their Direct Supervisor at least 10 working days prior to their last workday; however, 20 working days' notice is preferred. Vacation days or personal days may not be included in the 10-day notice period. The employee may leave anytime during the 10 days with their Direct Supervisor's consent and remain in good standing. If the employee fails to resign in good standing, they may not be eligible for rehire unless the employee demonstrates good cause for leaving early. Seasonal employees will not be in good standing or eligible for rehire if they leave their employment before the end of their assignment without good cause for leaving early.
3. Employees seeking to retire should contact their Direct Supervisor, so that the appropriate paperwork can be completed in a timely manner.
4. Before officially separating from the District's employment for any reason, the employee must return all District property, including without limitation vehicles, tools, keys, uniforms, equipment, and identification, etc.
5. Upon separation, any remaining earned and unused vacation leave will be paid to the employee or the employee's heirs at their rate of pay as of their separation date. The Direct Supervisor will provide the employee with the appropriate information when separate from the District.
6. Information provided by the District in response to requests for employment references will generally be limited to the employee's starting date, ending date, job title, and job description. It is the District's policy not to provide any other information or references. The employee should complete and deliver a written release to the District, in the form required by the District, before any additional information will be provided.

7. When possible, the Business Services Manager or the Executive Director's designee will conduct an exit interview when separating from the District. At this meeting, the employee is required to return all District property not previously returned, such as nametags, keys, security cards, and all other District property. Additionally, the employee should speak with their Direct Supervisor regarding required completion of forms for insurance continuation, IMRF and other termination related matters.

**EMPLOYEE
BENEFITS**

DISCLAIMER

Policy:

The District has established a variety of employee benefit programs designed to assist you and your eligible dependents in meeting the financial burdens that can result from illness and disability, and to help you plan for your retirement. This portion of the manual contains a very general description of the benefits to which you may be entitled as an employee of the District. To the extent that any of the information contained in this manual is inconsistent with the official plan documents, the provisions of the official documents will govern in all cases.

Comments:

1. Please note that nothing contained in the benefit plan described herein shall be held or construed to create a promise of employment or future benefits, or a binding contract between the District and its employees, retirees or their dependents, for benefits or for any other purpose. All employees shall remain subject to discharge or discipline to the same extent as if these plans had not been put into effect.
2. The District reserves the right, at its sole and absolute discretion, to amend, modify or terminate, in whole or in part, any or all of the provisions of the benefit plans described herein. 4. For more complete information regarding any of our benefit programs, please refer to the plan descriptions, which were provided to you separately or contact your Direct Supervisor. If you lost or misplaced those descriptions, please contact your Direct Supervisor for another copy.

SICK DAYS

Policy:

Full-time employees are granted eight hours (one day) of sick time based upon their regular work schedule, at the rate of one per month, up to a maximum accumulation of 640 hours.

Comment:

1. For the purpose of this section, your “immediate family” includes the employee, the employee’s spouse, civil union/domestic partner, child, stepchild, sibling, grandchild, parent, mother-in-law, father-in-law, step-parent or any member of the employee’s extended family living in the employee’s household.
2. Sick days are defined to mean the absence from work because of an employee’s/employee’s immediate family’s illness, injury or pregnancy and confinement. Although employees are encouraged to make doctor and dentist appointments during non-working hours, paid sick days may also be used for doctor/dentist appointments, illness in the immediate family or doctor/dentist appointment in the immediate family. An employee who is the father of a child may use sick leave in conjunction with a child’s birth, only if the child is actually ill; or care for his spouse while recovering from labor and delivery. A physician’s statement is required if absent more than three days. Sick leave used for the any of the aforementioned purposes, may count towards an employee’s Family and Medical Leave entitlement.
3. Sick days over the 80-day limit will be accumulated only to be used toward service credit with the Illinois Municipal Retirement Fund (IMRF) for retiring employees per IMRF requirements. The use of accumulated sick days for service credit is only available to employees who have participated in IMRF or an Illinois Reciprocal Retirement System prior to January 1, 2011.
4. If an employee is going to be absent or late to work, the employee must notify their Direct Supervisor or the supervisor at the succeeding level of authority in their department if they are unable to reach their Direct Supervisor at least 30 minutes before their scheduled start time. The employee must also call the District Administrative Office at (815) 622-6225 and leave a message at least 30 minutes before their start time or email/text the District’s Business Manager at least 30 minutes before their start time. The aforementioned procedure must be followed each day of absence. If the employee is not able to make the call personally, a family member or friend should make the required contacts/calls. If the employee fails to notify their Direct Supervisor or call the Administrative Office, the absence/tardiness may be considered absence without leave, which will result in loss of pay and/or disciplinary action, up to and including dismissal. Notice of sick leave must be subsequently confirmed in writing via a Personnel Action Report (see appropriate form in the appendix section of this manual), as soon as possible after the leave or as soon as requested by their Direct Supervisor.

5. If an employee is away from work for three or more consecutive days because of illness or injury, or if the District becomes aware that they have incurred an illness or injury that is likely to last more than three consecutive days; the District may require the employee to provide documentation from their physician or other healthcare provider confirming the illness or injury, the employee's fitness to return to work, and the employee's ability with or without a reasonable accommodation to perform the essential functions of their position. If the District has reason to suspect abuse of this sick day policy, the District will require the employee to provide such documentation for time away from work of less than three consecutive days.
6. Failure to comply with this policy or abuse of this policy may result in disciplinary measures, up to and including discharge.
7. Sick leave may not be used as vacation or personal time.
8. Upon an employee's separation from the District, the employee will not be paid for any accrued, but unused sick days.
9. Regular part-time and seasonal employees are not eligible to earn sick days.
10. Sick days do not count as hours worked for overtime compensation purposes.
11. Sick time does not accrue when an employee is off work due to FMLA leave, workers' compensation leave or a personal leave.

VACATION DAYS

Policy:

It is the policy of the District to provide full-time employees the ability to accrue paid vacation days as outlined below.

Comment:

1. Introduction

The basis for use of vacation days is the calendar year, January 1 through December 31, except as noted below. The number of vacation days an employee may earn is determined by an employee's total calendar years of continuous full-time employment with the District. A vacation day is based on the employee's regular work schedule, and employees will be paid while taking vacation time based upon their regular weekly, salary or hourly pay.

2. Completion of Six Months of Employment

Newly hired full-time employees will accrue five (5) vacation days at the completion of six months of continuous employment. These vacation days must be used by December 31 of the next calendar year of employment or be lost. (Examples: You are hired on April 15, 2013. You earn five vacation days as of October 15, 2013, which you may use beginning on October 15, 2013 and must use by no later than December 31, 2014.) As an additional example, if you are hired on September 1, 2013, you will receive five (5) days of vacation as of February 1, 2014, which you may use beginning February 1, 2014, and must use no by later than December 31, 2014. The District will not pay the monetary equivalent of accrued but unused vacation days at the end of the calendar year, except upon termination of employment as provided in Paragraph 6 below. Vacation days are not accrued in arrears. On January 1 of the calendar year following the year of hire, employees earn vacation days as set forth in paragraph 3, below.

3. After the First Calendar Year of Employment

Except as set forth in paragraph 7, a completed calendar year of employment will be credited on December 31 to full-time employees. After the first completed calendar year, full-time employees accrue vacation as specified in the schedule below that must be used in the same calendar year. Vacation days may be taken as of January 1, subject to paragraph 5. Vacation days are not accrued in arrears. Vacation days earned as of January 1 of a calendar year may not be carried over to the next calendar year, unless approved in advance in writing by your Department Head or the Executive Director. In that case, such carry-over vacation time must be used by March 1 of the following calendar year. (Example: If you are hired on May 15, 2013 and continuously work the remainder of the

year, you will have one calendar year of employment completed as of December 31, 2013. You will receive ten (10) vacation days as of January 1, 2014, to be used during calendar year 2014 by December 31, 2014, or by March 1, 2015, if not allowed by the District to use the days as described herein.) Vacation days not used by December 31 will be lost (or March 1 of the following calendar year if a request to use such time was denied by management in the prior calendar year). The District will not pay the monetary equivalent of any accrued, but unused vacation days at the end of the calendar year, except upon termination as provided in Paragraph 6 below.

<u>Beginning Employment Term</u>	<u>Paid Vacation Days</u>
<i>Year(s) of Employment as of January:</i>	
0 years (hired on/after 7/1 of the prior year and after 6 months)	5
1 calendar year (hired on/ before 6/30 of the previous year)	10
2-4 calendar years	10
5-9 calendar years	15
10 or more calendar years	20

The Executive Director may grant experience credit to newly hired full-time personnel and the experience credit will apply in calculating completed calendar years of employment following the first calendar year of employment. For instance, the credit granted may be half (1/2) credit for each year of full-time professional experience prior to employment with the District, subject to the discretion of the Executive Director and provided the Executive Director concludes such prior experience is deemed to be related to the employee's District position. In other words, the experience credit may be applied to give the employee additional completed calendar years of employment for the purpose of calculating the applicable number of paid vacation days.

4. Vacation and Other Leave

An employee must substitute any accrued and unused vacation days (as well as accrued and unused sick days) for unpaid leave under the District's Family and Medical Leave Act (FMLA) Policy, and any such paid time off must be taken at the same time as the FMLA leave. Please refer to the FMLA section of this manual for more detailed information

5. Scheduling Vacation

Vacation requests must be approved by your Direct Supervisor. A Personnel Action Report (see appropriate form in the appendix section of this manual), must be completed and submitted to your supervisor to request vacation time prior to the start of the vacation. Your Direct Supervisor will make every effort to comply with your request for vacation, and the approval of vacation days are subject to the District operating needs. Your Direct Supervisor will approve or deny vacation requests based upon factors such as the District and the public's needs,

the employee's work load, and other factors. When two or more employees in the same department request the same days off (and it is not possible for the District to grant both), the Department Head will make a decision based on seniority and the personal situation. Your Direct Supervisor may require you to reschedule your vacation if it is determined that your presence is necessary for the efficient or safe operation of the District.

6. Vacation Pay Upon Termination

If employment is terminated for any reason, the employee will receive pay for any accrued but unused vacation days in that calendar year (and any accrued, unused vacation days from the prior calendar year, if the termination is before March 1 and the employee was permitted to carry over vacation days because they were not allowed by the District to use them in the prior calendar year). Payment for accrued but unused vacation days at the time employment with the District is terminated is based upon the regular hourly rate of pay or rate of salary at the time of termination.

7. Miscellaneous Provisions

- a. Employees may not receive vacation pay in lieu of compensatory time off.
- b. If an employee request is approved for vacation days, the employee cannot later convert those vacation days to sick or personal days.
- c. Where hours worked are less than 1,000 hours within a calendar year, the year will not count as a completed calendar year of employment, unless otherwise provided by law.
- d. Vacation time does not accrue when an employee is off work do to FMLA leave, workers' compensation leave or a personal leave.
- e. Vacation days do not count as hours worked for overtime compensation purposes.

HOLIDAYS

Policy:

The Park District observes the following holidays:

New Year's Eve, New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving, the Friday after Thanksgiving, Christmas Eve (December 24), Christmas Day, and Spring Holiday.

Comment:

1. Full-time employees will be paid for above holidays. If a full-time non-exempt employee is scheduled to work on one of these holidays, compensation with pay at a rate of 2½ times the regular rate of pay will be given. Full-time exempt employees required to work on one of the aforementioned holidays will be given time off on another workday. Time must be used by the end of the calendar year. If the workday falls in the first quarter of the year, it must be used by the end of the first quarter of the following year. If you are on an approved vacation leave during which a holiday falls, the holiday will not count as a day of used vacation leave. For example, if you take as vacation leave Monday through Friday and a holiday falls on that particular Friday, you will be considered to have used only four (4) days of vacation.
2. Where a holiday falls on a weekend it will be observed on either the preceding Friday or following Monday, as designated by the Executive Director.
3. Part-time and seasonal employees are generally not entitled to receive holiday pay.

PERSONAL DAYS

Policy:

Full-time employees are granted two (2) paid personal days per calendar year. Personal days will be issued on January 1, but may not be used until after the employee's one year anniversary date. Personal days must be requested via a Personnel Action Report in advance of the desired date and are subject to the approval of your Direct Supervisor. Personal days are granted to employees to allow paid time off for personal reasons of any nature, including holidays not recognized by the district.

Comment:

1. Personal days are not cumulative and must be taken during the year when granted or they will be forfeited without compensation. Personal days earned but not yet used will not be paid to an employee upon separation.

PAYROLL DEDUCTIONS

Policy:

Automatic payroll deductions will be made for the employee for federal and state income tax purposes, pension contributions and Social Security tax, and any other item ordered by a court or applicable law. Voluntary deductions may be made for elective programs such as dental insurance, tax-deferred retirement plans, flexible benefit plans, credit union accounts, and supplemental health/life insurance. Please contact the Administrative Office for information on payroll deductions.

Comment:

1. Except as required by law or court order, deductions will not be taken without your written authorization. Deductions required by law include Social Security, Medicare, and federal and state income taxes. Other involuntary deductions may be required by law or court order, such as child support payments and wage garnishments. Also, employees who meet certain hourly requirements will have Illinois Municipal Retirement Fund (IMRF) pension contributions withheld.
2. Any employee that receives two or more wage garnishments may have their employment terminated.

IMRF PENSION PLAN

Policy:

Employees who work in District positions that meet certain hour standards are required to participate in the Illinois Municipal Retirement Fund (IMRF). IMRF provides retirement, disability and death benefits to eligible participants. These benefits are in addition to those provided by Social Security. Additional information about the IMRF plan is available at www.imrf.org or by calling IMRF Member Services at (800) 275-4673.

INSURANCE PLANS/INSURANCE STIPEND

Policy:

Eligible employees may enroll in certain group insurance plans (dental) based on their employment classification by timely completion of the required enrollment forms. The employee's portion of the premium payment will be made through payroll deduction. Eligible employees will also be given a special increment (stipend) to their base wage to assist in the purchase of private health insurance.

Comment:

1. The group dental plan is subject to the rules and regulations of the insurance providers and the District. Except where prohibited by law, the District reserves the right to change, modify, cancel or discontinue the dental plan or change the amount of the required employee premium at any time, with or without notice. Employees' dental insurance under the plan(s) will terminate immediately if the group policies are cancelled or if the employee fails to make any required premium payment.
2. Newly hired employees do not have to complete their Introductory Employment Period (as defined in the Introductory Employment Period Policy) before being eligible to participate in the dental insurance plan.
3. The District provides group dental insurance for all eligible full-time employees. Employees must pay the cost for the spouse/dependent coverage. A plan summary is available from the Administrative Office.
4. The District offers supplemental health and accident insurance policies to eligible full-time employees and their dependents. The entire premium must be paid by the employee. Payment may be made through payroll deduction. Details on these plans are available from the Administrative Office.
5. The District offers a health insurance stipend based upon the employee's age. Contact the Administrative Office for specific details of the stipend.
6. The Consolidated Omnibus Budget Reconciliation Act of 1986 (COBRA) and Illinois law may provide employees and their covered dependents the option to extend group insurance coverage in the event the insurance terminates due to termination of employment, reduction of hours, death, divorce or legal separation, disability, retirement or Medicare entitlement. Please contact the Administrative Office for detailed information on COBRA and Illinois law.
7. Since the District does not provide health insurance, as a result of the Affordable Care Act you may be able to purchase health insurance through the "Marketplace". All employees will be given information via a form to complete (see applicable form in the appendix section of this manual) that will outline how to get additional information about the "Marketplace".

INDEMNIFICATION AND LIABILITY INSURANCE

Policy:

The District is required by state statute (70 ILCS 1205/8-20) to indemnify and protect employees against civil rights damage claims and suits, including defense thereof, when damages are sought for negligent or wrongful acts alleged to have been committed within the scope of employment, or under the direction, of the Board. Such indemnification and protection shall extend to employees of the District at the time of the incident from which a claim arises. However, the District is statutorily prohibited from indemnifying employees for “punitive” damages.

Comment:

1. You may be covered by the District’s liability insurance to defend any civil action that may be brought against you or the District, its agents, or any other employee for damages arising out of the lawful performance of your duties.

WORKERS' COMPENSATION

Policy:

As a District employee, you are covered under the Illinois Workers' Compensation Act. The Act provides for medical care and replacement of wages if you sustain an injury arising out of, and occurring in the course of, your employment with the District. Non-job-related illnesses or injuries, or illnesses or injuries not related to the performance of your assigned duties are not covered under the Act. If you have any questions regarding workers' compensation, please see the Business Services Manager or the Executive Director's designee.

Comment:

1. All employees must adhere to the following conditions:
 - a. Any work-related injury or illness (even if the employee is uncertain if the injury or illness is work-related, but suspects it might be work-related) must immediately be reported directly to the employee's Direct Supervisor or Department Head if the Direct Supervisor cannot be reached directly. Failure to immediately report an injury or illness may jeopardize the employee's eligibility for workers' compensation benefits.
 - b. Upon notification, the District shall instruct the employee to report to a designated hospital or physician for an examination or treatment. In case of an emergency, the employee should go to the nearest emergency room for treatment.
 - c. All medical evaluations by any licensed physician must be submitted to the Risk Manager for the duration of your period of leave.
 - d. The District reserves the right to have the employee examined by a licensed physician of its own choice at any time during the period of leave. This examination will be at the District's expense and the physician will submit the results to the District. The employee is entitled to a copy of this report.
 - e. The waiting period for compensation benefits after a work related injury is three (3) days. Prior to the three day period, sick time may be used.
 - f. The District may assign an injured employee to a modified duty assignment in accordance with the District's Modified Duty Program. No employee shall be allowed to return without a statement from a physician approving the employee's return to work without restrictions, or with restrictions acceptable to the District.
 - g. The District reserves the right to reassign the employee to another position at the same pay and benefits the employee received at the time of the injury.

- g. When an employee has been released by a licensed physician to return to work on a modified duty basis, the employee may periodically be requested to return for medical evaluations. For these doctor visits, the employee will be compensated at the employee's current rate of pay only for the period of time necessary for the visit, including reasonable transportation time. The District reserves the right to verify the time of visit. Time taken over and above that which is necessary will be charged to the employee's available sick, personal or other time off. If the employee does not have any available time, the employee will be compensated only to the extent required by law.
- h. Sick time and vacation time does not accrue when an employee is off work and is on a workers' compensation leave.

MODIFIED DUTY PROGRAM

Policy:

The District is committed to providing employees with available and reasonable opportunities to maintain career and employment status and benefits, and to maximize the District's ability to provide its services offered to the public. To that end, we have developed a Modified Duty Program for employees who have sustained injuries or illnesses arising out of, and in the course of, their employment with the District.

The purpose of the Modified Duty Program is to provide a temporary modified work assignment, when feasible, available and applicable. The feasibility of modified duty will be determined on a case-by-case basis, and is within the sole discretion of the Executive Director. Modified duty may not be available for certain positions. Noncompliance or failure to cooperate with the Modified Duty Program may affect your workers' compensation benefits and result in possible disciplinary action, up to and including dismissal.

Comments:

1. **For purposes of this policy, the following definitions apply:**
 - a. "District Employee" means any individual who is employed by the District in a valid, authorized position.
 - b. "Modified Duty Program" is a temporary assignment of duties to a worker with an occupational injury or illness whose doctor indicates that the worker may return to work subject to specified restrictions, and has not yet reached a level of maximum recovery enabling the employee to return to regularly assigned duties. Modified duty may only be applicable to those employees who are eligible for temporary total disability benefits under the Illinois Workers' Compensation or Occupational Disease Act (hereafter "Act"), or asserting that their injury or illness is compensable under the Act.
 - c. "Occupational Injury or Illness" means an injury or illness arising out of and in the course of the employee's employment and compensable under the Illinois Workers' Compensation Act or Occupational Disease Act. All claims for workers' compensation benefits are subject to initial and continuing investigation.
2. **Objectives**
 - a. To return occupationally injured employees to work as soon as possible provided employee is medically able to safely perform the duties of the position.
 - b. To minimize financial hardship and emotional stress to the employee who has sustained an occupational injury.

- c. To assist employees returning to work at a level close to their pre-injury earnings and productivity.
- d. To retain qualified and experienced District employees.
- e. To further the District's commitment and obligation to provide recreational programs, services and facilities to the public.

3. **Basic Program Requirements**

- a. Employees may be assigned to a modified duty assignment when temporarily unable to perform the essential functions of their position due to occupational injury or illness, provided that the modified duty assignment fulfills a job function(s) useful to the District and is within limitations set by treating and/or evaluating physicians. Modified duty assignments will not create a new job, but instead will incorporate or modify an existing position on a temporary basis. The assignment may include duties anywhere within the District.
- b. A time limit will be established on a case-by-case basis for the length of time that modified duty will be made available. This time limit shall be subject to review and revision at the sole discretion of the District.
- c. The District will compensate an employee on a modified duty at the employee's regular pay rate, if possible. If this is not possible, the employee will be compensated no less than 2/3 of what the employee's average weekly regular wage (excluding overtime) was prior to the accident, injury or illness. Compensation may be made by the District and/or District's workers' compensation coverage provider.
- d. Employee responsibilities: participate in the modified duty program as assigned; report any problems with modified duty assignment to Direct Supervisor; promptly notify the Direct Supervisor of any and all changes or modifications to the employee's work restrictions; provides all original copies of physician releases and reports and all medical records and forms to the Business Services Manager or the Executive Manager's designee promptly when received; if you are asked to complete a task that you cannot complete or in any way adversely affects your injury, you must immediately notify the person who assigned you the task. In addition, if your injury requires that you see a physician for subsequent visits for the same injury, you must inform your Direct Supervisor prior to any and all visits so your Direct Supervisor can complete the necessary forms and make necessary arrangements for your absence if you must visit the doctor during your working hours. If your Direct Supervisor is unavailable, you must contact the supervisor at the succeeding level of authority in your department. In order to avoid disruption of District operations, you should schedule doctor's appointments during non-work hours.

- e. An employee who declines a modified duty position, which is within the limitations, as determined by the treating or evaluating physician, may be subject to disciplinary action and possible dismissal. The employee may also lose eligibility for workers compensation benefits.
- f. Periodic review will be conducted while an employee is on modified duty status to determine the appropriateness and reasonableness of continuing the employee in the assignment. A review may be conducted at any time

4. **Procedure**

- a. The Department Head or the employee's Direct Supervisor is typically responsible for the management of employees on the modified duty status. He may also coordinate modified duty assignments with other departments, the Business Services Manager or the Executive Director's designee, and PDRMA. Each department is responsible for keeping a list of modified duty assignments up-to-date, and for advising the Risk Manager of any changes to their modified duty lists.
- b. When an employee is injured, the attending physician will be asked to complete a Physician's Evaluation of Functional Capabilities. This form, sent to the physician by the Business Services Manager or the Executive Director's designee, requests a list of the duties the employee is capable of performing and any physical limitations he may have.
- c. The physical evaluation form must be returned by the employee to the Business Services Manager or the Executive Director's designee, who will contact the employee's Direct Supervisor. The Direct Supervisor will work with the Department Head in assigning modified duty to the employee, if possible or applicable.
- d. In some cases, departments may not have any available modified duty tasks. If so, the Business Services Manager or the Executive Director's designee will be contacted to work with other departments to arrange modified duty assignments.
- e. All modified duty assignments are subject to continuing review of the existing medical restrictions of the employee, and departments will continue to develop and coordinate appropriate duty assignments with the Business Services Manager or the Executive Director's designee and PDRMA, and monitor ongoing medical status and work adjustment.
- f. When applicable, the possibility of medical management and/or vocational services will be explored and communicated to all parties involved.

- g. Employees will be compensated at the pre-determined rate of pay while performing modified duty assignments, including time necessary to report to a physician's office for further review. Time above and beyond what is necessary for the doctor's visit, including reasonable transportation time, will be charged against the employee's available sick, personal, or other time off. If the employee does not have any available time, he will be compensated for such time only to the extent required by law.

EDUCATION, TRAINING AND PROFESSIONAL PARTICIPATION

Policy:

All employees are required to attend designated orientation meetings, staff meetings, and in-service training sessions that are designed to improve the overall job performance, communication and efficiency of the District.

In the best interest of the District, employees may attend and/or may be required to attend professional conferences and seminars and belong to professional associations as budgeted and approved by the Executive Director. Such activities should further the insight of staff into better ways to operate and provide recreational activities to the public.

Employees are encouraged to discuss advancement and professional development opportunities with their Direct Supervisor. When possible, authorization may be given for attendance at conferences, seminars, workshops, conventions and technical meetings and participation in professional organizations that are related to your position within the district.

Attendance at conferences, seminars, workshops, conventions and technical meetings and participation in professional/civic organizations must be approved in advance. Employees should check with their Direct Supervisor for applicable policies, procedures and approvals.

Comment:

1. Attendance at and participation in professional seminars, conferences, conventions, workshops and technical meetings is considered part of the administrative and supervisory staff's normal duties. Reimbursement for attendance expenses will be 100% of approved expenses. Please review the applicable policy in this manual for details on expense reimbursement.
2. If you attend professional seminars, conferences, conventions, workshops and technical meetings outside the District, Employees may be required to submit a written report to your Direct Supervisor within five days of attendance which summarizes the ideas or methods discussed at the meeting.
3. At the discretion of the District, you may be given the opportunity to take educational courses related to your position within the District. Interested employees should consult with their Direct Supervisor. District resources are limited and the employee's Direct Supervisor and Executive Director will evaluate individual requests. Please review the applicable policy for details on tuition reimbursement.
4. Employees are encouraged to join and participate in professional or civic associations that promote District goals, individual skills development, professional recognition, or are related to your job responsibilities. However, employee participation in such associations must not conflict with the District's interests. Depending upon the benefits derived from membership by the District, the District may pay all or part of the membership fees. Participation in

association activities during normal working hours must be approved in advance by the employee's Direct Supervisor, and approval is contingent upon the employee's ability to meet his work responsibilities.

TUITION REIMBURSEMENT

Policy:

If an employee is a regular, full-time employee, has worked for the District at least one (1) year, and is in good standing, he or she may be eligible to participate in the District's tuition program.

The District will partially reimburse the employee for tuition for certain courses approved in advance by the District and that it believes are job-related. Eligible courses must be directly and substantially related to an employee's improving productivity in his or her current job. Cost for textbooks and materials will not be reimbursed. The amount of a tuition reimbursement for approved courses is subject to the funding by the Board and on upon the grade received, as provided below.

Comment:

1. To receive tuition reimbursement, an employee must apply and be approved before the course begins. Approval by the District may be obtained as follows:
 - a. The employee must submit the Continuing Education Approval Form, found in the appendix section of this manual, to his/her Department Head or the Executive Director for approval of the course seeking reimbursement under this policy. If the District approves the request, the employee pays the initial course fee and may be reimbursed for tuition as provided below.
 - b. Once the employee receives his or her final grade(s), the employee must submit the tuition bill and a certified or official transcript showing proof of the final grade(s) to the Administration Office within thirty (30) days of receiving the final grade(s). The Administrative Office may request additional documentation as needed.
 - c. Within thirty (30) days of submitting all required or requested documentation, the employee will receive a reimbursement, and the amount of the reimbursement will depend on the final grade. The District will reimburse 90 percent of tuition for grades of "A" or points in the range of 3.5-4.0; 70 percent for a "B" (3.0-3.4); and 50 percent for a "C" (2.5-2.9/pass). No reimbursement is provided for a grade below a "C" or 2.5. In courses where the employee only receives a "pass/fail" grade, the District will reimburse 50 percent for a "passing" grade.
 - d. Unless specifically approved in writing by a Department Head, course work may not be performed during business hours.

If an employee resigns or is terminated for cause before receiving a final grade, the employee will not be reimbursed for tuition expenses. If an employee resigns or is terminated for cause within 12 months after receiving reimbursement, the employee must repay any reimbursement to the District in full and the total amount due will be deducted from the employee's final paycheck.

EMPLOYEE ASSISTANCE PROGRAM

Policy:

The District realizes that personal and work-related problems can affect an employee's job performance, health, family and emotions. To help with these pressures, the District has contracted with the firm WorkplaceSolutions to provide Employee Assistance Program (EAP) services on a confidential basis. Employees are expected to perform their assignments in a manner that will avoid injury. Supervisory personnel and the Risk Manager are available for assistance in safety-related matters.

Comment:

1. In keeping with this objective, safety rules have been developed. Employees are required to read and follow these safety rules and the rules, policies and procedures of their respective facilities or departments.

RIGHT TO KNOW

Policy:

The District is committed to protecting all employees against the dangers of hazardous materials on the job. Safety training and the proper handling and storage of hazardous substances are just a few of the things we do to keep you safe. In addition, the Occupational Safety and Health Administration (OSHA) has issued a regulation that states that you have a right to know what hazards you face on the job and how you can protect yourself against them. This is your RIGHT-TO-KNOW.

OSHA's Hazard Communication Standard affects everyone in the workplace who comes into contact with hazardous materials.

Chemical manufacturers must determine the physical and health hazards of each product they make, and they have to let users know about those hazards by providing information on the container label and on a Safety Data Sheet (SDS) for every product.

Employers must develop a written hazard communication program that:

1. Tells employees about the Hazard Communication Standard.
2. Explains how the standard is in effect in the workplace.
3. Provides information and training on hazardous chemicals in the workplace, which includes how to recognize, understand and use labels and SDS sheets, and the correct safety procedures for working with hazardous substances.

Comment:

1. Employees have to read labels and SDS sheets, and they have to follow the District's safety procedures for storing, handling and using hazardous materials. Although labels differ from company to company, all labels will contain similar types of information. While much valuable information can be found on the label, refer to the SDS sheet if you don't find all of the information you need. The label will use words and/or symbols to tell you:
 - a. The common name of the substance.
 - b. The name, address, and emergency phone number of the company that made or imported the substance.
 - c. A signal word that outlines the seriousness of the substance. Signal words, ranked from the most serious to the least serious, are danger, warning, and caution.

- d. The physical hazards (Will it explode or catch fire? Is it reactive?) and the health hazards (Is it toxic? Could it cause cancer? Is it an irritant?) of the substance.
 - e. The precautionary measures to be taken, including basic protective clothing, equipment, and procedures that are recommended when working with this substance.
 - f. First aid instructions, in case of exposure.
 - g. Proper handling and storing instructions.
 - h. Special instructions concerning children.
2. The SDS sheet is your guide to working safely with hazardous substances. This sheet provides information on everything that is known about the substance, including chemical and physical dangers, safety procedures, and emergency response techniques. Specifically, SDS sheets cover:
- a. Identity, including the manufacturer's name, address and phone number, and the date the substance was produced.
 - b. Hazardous ingredients, including the substance's hazardous components, its chemical ID, and common names. Worker exposure limits to the substance and other recommended limits are also included.
 - c. Physical and chemical characteristics, such as boiling point, vapor pressure, vapor density, melting point, evaporation rate, water solubility, and appearance and odor under normal conditions.
 - d. Physical hazards, including fire and explosions, and ways to handle those hazards (such as firefighting equipment and procedures).
 - e. Reactivity, including whether the substance is stable, and which substance and situation to keep it away from so it will not react.
 - f. Health hazards, including how the substance can enter the body and the possible health hazards that could arise from exposure. This section also covers signs and symptoms of exposure, such as eye irritation, nausea, dizziness, etc., and whether or not the substance is carcinogenic. Emergency and first aid procedures are also outlined.
 - g. Precautions for safe handling and use, including what to do if the substance spills or leaks; how to dispose of the substance; equipment needed for cleaning up spills and leaks; proper storage and handling; and any other necessary precautions.

3. OSHA's Right-to-Know regulation was developed to protect you on the job.
4. For the Right-to-Know Standard to be effective, you must:
 - a. Respect all warning and precautions-don't take any chances.
 - b. Read all substance labels and SDS sheets.
 - c. Follow warning and instructions.
 - d. Use the correct personal protective equipment when handling hazardous substances.
 - e. Know in advance what could go wrong and what to do about it.
 - f. Practice sensible, safe work habits.
 - g. When in doubt, ask your supervisor.
5. The Hazard Communication Standard (HCS) requires chemical manufacturers, distributors, or importers to provide SDS sheets to communicate the hazards of hazardous chemical products. The HCS will require new SDSs to be in a uniform format, and include the section numbers, the headings and associated information under the headings below:
 - a. **Section 1, Identification:** Includes product identifier; manufacturer or distributor name, address, phone number; recommended use; restrictions on use.
 - b. **Section 2, Hazard(s) Identification:** Includes all hazards regarding the chemical; required label elements.
 - c. **Section 3, Composition/Information:** On Ingredients includes information on chemical ingredients, trade secret claims.
 - d. **Section 4, First-aid Measures:** Includes important symptoms/effects, acute, delayed; required treatment.
 - e. **Section 5, Fire-Fighting Measures:** Lists suitable extinguishing techniques, equipment; chemical hazards from fire.
 - f. **Section 6, Accidental Release Measures:** Lists emergency procedures; protective equipment; proper methods of containment and cleanup.
 - g. **Section 7, Handling and Storage:** Lists precautions for safe handling and storage, including incompatibilities.

- h. **Section 8, Exposure Controls/Personal Protection:** Lists OSHA's permissible exposure limits; threshold limit values; appropriate engineering controls; personal protective equipment.
- i. **Section 9, Physical and Chemical Properties:** Lists the chemical's characteristics.
- j. **Section 10, Stability and Reactivity:** Lists chemical stability and possibility of hazardous reactions.
- k. **Section 11, Toxicological Information:** Includes rates of exposure; related symptoms, acute and chronic effects; numerical measures of toxicity.
- l. **Sections 12-16, Ecological/Disposal/Transportation/Regulatory Information:** Not enforced by OSHA.
- m. **Section 16, Other Information:** Includes the date of preparation or last revision.

WORK AREAS

Policy:

1. Work areas will be kept clean and orderly at all times.
2. Apparel such as boots, coats and umbrellas will be stored in designated areas.
3. Prior to the end of the workday, all tools and equipment will be cleaned and stored. All items, paper, or information of value must be properly secured.
4. Non-work materials, such as posters, signs, pictures and calendars are permitted to the extent that they do not interfere with the performance of work and they are not offensive to a reasonable person. The Executive Director is the final authority when deciding whether a non-work item is permissible.
5. All aisles, floors and walls are free of all unnecessary items.
6. All trash, waste, etc., is properly disposed of.

SECURITY AND KEYS

Policy:

In the interest of safety and protection of property, strict control over access to District property, work locations, records, computer information, cash and other items of value or confidential nature must be maintained. Employees who are assigned keys, alarm codes, safe combinations or other access to District property in connection with their job responsibilities must exercise sound judgment and discretion to protect against theft, loss or damage. Employees must immediately report any loss of keys to their Direct Supervisor. Failure to do so may result in disciplinary action, up to and including discharge. Keys may not be transferred from one employee to another. Every employee assigned a key(s) and a facility alarm code(s) will be required to sign an Alarm Code and Key Requisition Form, which can be found in the appendix section of this manual and acknowledges the employee's responsibilities to protect this property. Keys must be returned to the District at the end of employment.

CHILDREN IN THE WORKPLACE

Policy:

Employees are discouraged from bringing their children to work, but occasionally may do so with prior approval of the employee's Direct Supervisor. This policy is established to avoid disruptions and distractions in job duties of the employee and co-workers, reduce property and general liability, and help maintain the District's professional work environment.

Comment:

1. To request permission to bring a child to work, the employee must contact his or her Direct Supervisor as soon as possible to discuss the situation and obtain permission to have the child accompany the employee while working. Factors the Direct Supervisor will consider are the age of the child, how long the child needs to be present, the work environment in the employee's area, and any possible disruption to the employee's and co-workers' work. Consideration will not be given to allow a child with an illness to come to work with the employee.

PERSONAL PROPERTY

Policy:

Employees are expected to exercise reasonable care to safeguard personal items of value brought to work. Such items should never be left unattended or in plain view. The District does not assume responsibility for the loss of theft of personal belongings and employees are advised not to carry unnecessary amounts of cash or other valuables with them when they come to work. The District also assumes no responsibility for any damage to, or theft of any employee's vehicle while on District property.

SOLICITATION, DISTRIBUTION AND USE OF BULLETIN BOARDS

Policy:

Employees may not solicit any other employee during working time, nor may employees distribute literature on District premises, which includes all areas where employees perform their assigned work tasks during working time. Under no circumstances may an employee disturb the work of others to solicit or distribute literature to them during their working time.

You may not accept the solicitation or the distribution of literature by any non-employee while on duty. For the purpose of this policy, “while on duty” does not include breaks, lunches, or other periods of non-work time.

Comment:

Bulletin boards maintained by the District are to be used only for posting or distributing material of the following nature:

1. Notices containing matters directly concerning District business.
2. Announcements of a business nature or legally-required postings which are equally applicable and of interest to employees.
3. All posted material must have prior authorization from administrative staff.
4. All employees are expected to check these bulletin boards periodically for new and/or updated information and to follow the rules set forth in all posted notices. Employees are not to remove material from the bulletin boards.
5. Any employee who violates this policy is subject to disciplinary action, up to and including discharge.

SEARCH OF LOCKERS, DESKS AND OTHER DISTRICT PROPERTY

Policy:

Employees should understand that while certain District property such as desks, lockers, and vehicles are available for their use, they remain the property of the District and are subject to inspection, with or without notice. Employees are not permitted to store any illegal or prohibited items or substances in or on the District property or otherwise misuse Park District property.

Whenever necessary, and at the District's discretion, District property and employees' work areas (i.e., desks, file cabinets, lockers, vehicles, etc.) may be subject to a search without notice. Employees are required to cooperate. Therefore, employees should have no expectation of privacy in any District property that they use, or in any personal items that they bring on District property.

Any property belonging to the District is subject to search if it is reasonably suspected that the property holds or contains any illegal or prohibited items or substances or missing or stolen District or District patrons' funds or property.

Comment:

1. To safeguard the property and personal safety of our employees and the District, the District reserves the right to inspect any packages, parcels, purses, handbags, gym bags, briefcases, lunch boxes, or any other possessions or articles carried to and from District property by employees and all other persons leaving and entering the District's premises.
2. The District reserves the right to inspect an employee's office, desk, files, lockers or other area, article or personal belonging on District premises, including cars parked on the District's property. As noted above, all lockers, offices, desks, telephones, computers, files, and so forth, are the property of the District and are issued for the use of employees only during their employment with the District. Employees should have no expectation of privacy in any of these areas or belongings on District property.
3. Inspections may be conducted at any time, and without notice, at the discretion of the District. The District is not responsible for the loss of personal property.
4. Employees working on District premises or entering or leaving the premises who refuse to cooperate in an inspection, as well as employees who after the inspection are believed to be in possession of unauthorized District property, confidential material, stolen property, weapons, alcohol, or illegal drugs, will be subject to disciplinary action, up to and including discharge.

PERSONNEL FILES

Policy:

A personnel file will be established for each employee. All pertinent employment information and forms, including without limitation, employment application, references, evaluations, commendations, disciplinary actions, and other employment records will be contained in this file. Your medical, benefit records and I-9 Forms (for part-time/seasonal) will be maintained in a separate file from your personnel file. Information contained in your files will not be released or disclosed without your written consent, except as required by law or lawful process.

Comment:

1. You may review your personnel file in accordance with applicable law and established District procedures. If you wish to review your personnel file, you should contact the Administrative Office.
2. It is to your advantage to see that all of your personnel records are accurate and up-to-date. You are responsible for and must promptly advise the District of any changes in:
 - a. Name and/or marital status.
 - b. Address and/or telephone number.
 - c. Number of eligible dependents.
 - d. W-4 deductions.
 - e. Person(s) to contact in case of emergency.
 - f. Other personal information that the District needs to know to contact you or properly administer its benefits programs or general operational concerns.
 - g. Your immigration status (if your eligibility for employment in the United States is affected).

ATTENDANCE, PUNCTUALITY AND DEPENDABILITY

Policy:

Attendance is an essential part of your total job performance and is critical to the smooth and efficient operation of the District. Absenteeism and tardiness are expensive, disruptive and place an unfair burden on your fellow employees and your Direct Supervisor. Accordingly, it is imperative that you report to work regularly, promptly and be ready to perform your assigned duties at the beginning of your workday.

Comment:

1. To the extent permitted by law, unauthorized or excessive absences or tardiness may affect an employee's opportunities for advancement, and will result in disciplinary action, up to and including termination.
2. Tardiness applies not only to reporting late to work for your scheduled starting time, but also to leaving early for lunch or returning late from lunch, or leaving work before your scheduled quitting time.
3. Part-time employees are required to contact their Direct Supervisor if they are unable to work for any reason.
4. All full-time employees should notify their Direct Supervisor and the Administrative Office when they are absent from work, either for a full or partial day, at least 30 minutes before their scheduled start time, or as soon as practicable when they know they will need to be absent from work. Employees must provide this notification on each and every day of their absence or tardiness. Also, always keep your supervisor advised on when you plan to return to work.
 - a. This advanced notification applies only to the use of sick days.
 - b. Call (815) 622-6225 or email/text the Business Manager to report your absence. If the telephone is not answered, leave a detailed voice-mail message.
 - c. A Personnel Action Report must be filled out upon your return to work from any absence; or, depending upon the type of absence, a Personnel Action Report may be required, and approval may be needed, before the absence.
5. If an absence has been pre-approved in writing by your Direct Supervisor or the Administrative Office, paragraph 4 (directly above) need not be followed provided the following conditions have been met:
 - a. Personnel Action Report has been completed and signed by employee;
 - b. Direct Supervisor has signed the report; and

- c. The Administrative Office has received the signed Personnel Action Report from your Direct Supervisor.
- 6. Non-exempt employees will not receive compensation for time missed because of tardiness or leaving early.
- 7. Employees who report for work in a condition deemed not fit for work by the District, whether for illness or any other reason, will not be allowed to work.
- 8. Employees are expected to report to work at all times except if the District declares an emergency closing due to inclement weather. Refer to the applicable policy in this manual regarding Emergency Closings.
- 9. Failure to satisfy the requirements outlined in this policy may result in disciplinary action, up to and including discharge.
- 10. If the employee fails to report to work on three consecutive working days without following the requirements outlined in this policy (i.e., no call, no show), they will be considered to have voluntarily abandoned their employment with the District and their employment with the District will be terminated.
- 11. Attendance is an essential function of every job. Even if the employee provides proper notice of their absence or tardiness under this policy, continued irregular attendance or excessive absenteeism or tardiness, as determined in the sole discretion of the District, constitutes unsatisfactory performance and will subject the employee to disciplinary action, up to and including termination, to the extent permitted by law. In considering an employee's attendance record for disciplinary or performance purposes, all absences, regardless of whether the employee called in or not, will be counted except for absences relating to approved leave under the Family and Medical Leave Act, approved military leave and other approved leaves of absence required by law or otherwise approved by the District (i.e., vacation). The District also provides reasonable accommodations for employees.

ABSENCE WITHOUT LEAVE

Policy:

Absence without leave is any absence from work, including a single day or portion of a day, which has not been granted or approved in accordance with established policy and procedure. In such cases, pay may be denied and the employee may be subject to disciplinary action, up to and including dismissal.

Comment:

1. If you are absent without leave for three consecutive working days, you will be considered to have voluntarily resigned from your position. Where your absence is determined excusable on conditions that rendered prior approval impossible, the charge of absence without leave may be changed to vacation leave, sick leave, or leave without pay.

LUNCH PERIODS

Policy:

Department Heads and their designees are authorized to establish lunch periods during each workday.

Comment:

1. Employees on lunch period cannot interfere with employees who are working.
2. Non-exempt hourly employees scheduled to work more than seven and one-half (7½) consecutive hours during any workday must receive at least a thirty (30) minute lunch period beginning no later than the fifth hour.
3. Employees may not leave early or extend meal breaks beyond their assigned period. Employees will not be compensated for any time not worked.

FAMILY AND MEDICAL LEAVE ACT

Policy:

Eligible employees are eligible to take up to twelve (12) workweeks of unpaid, job-protected leave under the Family and Medical Leave Act (FMLA) in a rolling 12-month period for covered family and medical reasons. In addition, eligible employees may qualify for up to twenty-six (26) workweeks of unpaid job-protected leave under the FMLA in certain situations related to a covered family member's service in the Armed Forces.

Comment:

1. If you have been employed by the District for at least twelve (12) months (with no break in service of seven (7) or more years except if related to USERRA covered military obligations), have worked at least 1,250 hours during the 12-month period preceding the start of the leave, and you work at or report to work to a work site that has fifty (50) or more District employees within a 75-mile radius of that work site, you are eligible for up to a total of twelve (12) workweeks of unpaid leave during any twelve (12) month period for one or more of the following reasons:
 - a. Because of the birth of your child and in order to care for such child (within 12 months after the birth of the child);
 - b. Because of the placement of a child with you for adoption or foster care (within 12 months of the placement of the child);
 - c. In order to care for your spouse, civil union partner, child, or parents if they have a "serious health condition";
 - d. Because of a "serious health condition" that makes you unable to perform the functions of your job; or
 - e. Because of any "qualifying exigency" (as defined by the Secretary of Labor) arising out of the fact that your spouse, civil union partner, child, or parent is deployed on active duty in a foreign country (or has been notified of an impending call or order to active duty) in the Armed Forces.
2. Serious Health Condition. For purposes of this policy, "serious health condition" means an illness, injury, impairment or physical or mental condition that involves one of the following:
 - a. Hospital Care. Inpatient care in a hospital, hospice or residential medical care facility, including any period of incapacity relating to the same condition;
 - b. Absence Plus Treatment. A period of incapacity of more than three full consecutive calendar days (including any subsequent treatment or period

of incapacity relating to the same condition), that also involves either: (1) treatment two (2) or more times (within 30 days and provided the first visit takes place within seven (7) days of the first day of incapacity) by a health care provider, by a nurse or physician's assistant under direct supervision of a health care provider, or by a provider of health care services under orders of, or on referral by, a health care provider; or (2) treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment under the supervision of the health care provider (first visit to health care provider must take place within seven (7) days of the first day of incapacity);

- c. Pregnancy. Any period of incapacity due to pregnancy, or for prenatal care;
- d. Chronic Conditions Requiring Treatment. A chronic condition which: requires at least two (2) periodic visits for treatment per year by a health care provider, or by a nurse or physician's assistant under direct supervision of a health care provider; which condition continues over an extended period of time; and may cause episodic rather than a continuing period of incapacity;
- e. Permanent/Long-term Conditions Requiring Supervision. A period of incapacity which is permanent or long-term due to a condition for which treatment may be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider;
- f. Multiple Treatments (non-chronic conditions). Any period of incapacity to receive multiple treatment (including any period of recovery therefrom) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three (3) full consecutive calendar days in the absence of medical intervention or treatment.

- 3. Qualifying Exigency Leave. If you are an eligible employee (as defined above), you are entitled to take up to twelve (12) weeks of unpaid FMLA leave for any qualifying exigency arising out of the fact that a covered military member is on active duty or called to active duty status. The leave described in this paragraph is available during a 12-month rolling period, and may be taken on an intermittent or reduced leave schedule basis. You will be required to provide a copy of the covered military member's active duty orders or other documentation issued by the military that indicates that the military member is on active duty or is called to active duty status in a foreign country and the dates of the covered military member's active duty service. Eligible employees may take all twelve (12) weeks of his or her FMLA leave entitlement as qualifying exigency leave or the

employee may take a combination of twelve (12) weeks of leave for both qualifying exigency leave and leave for a serious health condition (as defined above).

With respect to a Qualifying Exigency Leave:

- a. A “covered military member” means your spouse, civil union partner, son, daughter, or parent who is on active duty or called to active duty status in any foreign country in any of the Armed Forces, including a member of the National Guard or Reserves.
 - b. A “qualifying exigency” includes the following broad categories:
 - (1) short notice deployment;
 - (2) military events and related activities;
 - (3) childcare and school activities;
 - (4) financial and legal arrangements;
 - (5) counseling;
 - (6) rest and recuperation;
 - (7) post deployment activities, including reintegration activities, for a period of 90 days following the termination of active duty status; and,
 - (8) additional categories that are agreed to by the employer and employee within this phrase.
 - c. The phrase “son or daughter” is defined as your biological, adopted, or foster child, stepchild, legal ward, or child for whom you stood in loco parentis, of any age for qualifying exigency leave, who is on active duty or called to active duty status who is of any age. (Note: This definition is different from other sections of this FMLA Policy.)
 - d. A “parent” means a biological, adoptive, step or foster father or mother, or any other individual who stood in loco parentis to you when you were a son or daughter but it does not included parents” in law”.
4. Military Caregiver Leave. If you have been employed by the District for at least twelve (12) months and have worked at least 1,250 hours during the 12-month period preceding the start of the leave, and you work at or report to work to a work site that has fifty (50) or more District employees within a 75-mile radius of that work site and you are a spouse, civil union partner, child (of any age for military caregiver leave), parent or next of kin of a covered servicemember, as

defined below, you are entitled to a total of twenty-six (26) workweeks of unpaid leave during a single 12-month period to care for the covered servicemember (including twelve (12) workweeks for any other FMLA qualifying reason). The leave described in this paragraph shall only be available during a single 12-month period beginning as of the date the leave commences and ending 12 months after that date (and any unused amounts are forfeited).

Military caregiver leave may be permitted more than once if necessary to care for a different covered servicemember (or the same servicemember with multiple or subsequent injuries or illnesses) up to a combined total of twenty six (26) workweeks in a twelve (12) month period. However, your total available leave time in any single 12-month period generally may not exceed a combined total of twenty-six (26) workweeks (including FMLA time off taken for any other reason); except as provided under the FMLA regulations. You will be required to timely submit the completed paperwork provided to you and available from the Administrative Office as a condition of receiving approved military caregiver leave; except as provided under the FMLA regulations. Note: The 12 month computation period for this type of leave differs from the other types of FMLA leave.

With respect to Military Caregiver FMLA Leave:

- a. A “covered servicemember” means a member of the Armed Forces, including a member of the National Guard or Reserves, who (i) is undergoing medical treatment, recuperation, or therapy, (ii) is otherwise in outpatient status, or (iii) is otherwise on the *temporary* disability retired list, for a serious injury or illness; or is a veteran (discharged for other than “dishonorable” reasons) who was on active duty at some point in the five (5) year period prior to the date when the medical treatment, recuperation or therapy for a serious injury or illness that necessitates the caregiver’s leave).
- b. “Outpatient status” means the status of a member of the Armed Forces assigned to a military medical treatment facility as an outpatient or a unit established for the purpose of providing command and control of members of the Armed Forces receiving medical care as outpatients.
- c. “Next of kin” means the nearest blood relative of that individual (regardless of age) other than an employee’s spouse, civil union partner, son or daughter. You are required to provide confirmation of the relationship upon request. The servicemember may designate the blood relative who is considered his/her next of kin; otherwise, the following order generally will apply: blood relatives granted custody by law, brother/sister, grandparents, aunts/uncles, and then first cousins.
- d. “Serious injury or illness” means an injury or illness incurred by the servicemember in the line of duty on active duty in the Armed Forces (or

existed before the beginning of the Service member's active duty and was aggravated by service in the line of duty) that (i) may render the Service member medically unfit to perform the duties of the member's office, grade, rank or rating, or (ii) in the case of a veteran servicemember, that manifests itself before or after the member became a veteran.

5. Spouses/Civil Union Partners Employed by the District. If your spouse/civil union partner also works for the District and you both become eligible for a leave under paragraphs 1a. or 1b. above, or for the care of a sick parent under paragraph 1c., above, the two of you together will be limited to a combined total of twelve (12) workweeks of leave in any rolling 12-month period. In addition, if you and your spouse/civil union partner both become eligible for a leave under the military caregiver family leave provision above or under a combination of the servicemember family leave provision, paragraphs 1a., 1.b. and 1e. above, or to care for your parent with a serious health condition, the two of you together generally will be limited to a combined total of twenty-six (26) workweeks of leave in any single 12-month period, but if the leave taken by you and your spouse includes leave described in paragraphs 1a. through 1e. above, that leave shall be limited to a combined total of twelve (12) workweeks of leave in any rolling 12-month period.
6. Medical Certification. Any request for a leave under paragraphs 1c., 1d. or under the servicemember family leave provision above must be supported by certification issued by the applicable health care provider or the Department of Defense. You are required to submit this information on the forms provided to you and available from the Administrative Office or on the Invitational Travel Orders or Authorizations provided to you by the Department of Defense.

You will be required to submit a new medical certification form for each leave year for a medical condition(s) that last longer than one year. Additionally, you are required to submit a recertification of an ongoing condition every six (6) months in connection with an absence where the duration of the condition is described as "lifetime" or "unknown".

At its discretion, the District may require a second medical opinion and periodic recertification to support the continuation of a leave or under paragraphs 1.c. and 1.d. (except as otherwise provided by the Department of Labor). If the 1st and 2nd opinions differ, a 3rd opinion can be obtained from a health care provider jointly approved by both you and the District (unless you accept the second opinion as determinative).

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, the District asks that employees not provide any genetic information when responding to a request for medical certification regarding their own serious health conditions under this FMLA Policy. "Genetic information" as

defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

There is an exemption to GINA's limitation on the disclosure of family medical history when an employee requests a leave of absence under the FMLA due to a family member's serious health condition. In such situations, all information necessary to make the medical certification form complete and sufficient under the FMLA should be provided.

7. Intermittent Leave. If certified as medically necessary for the serious health condition of either you or your spouse, civil union partner, child or parent (Paragraphs 1.c. and 1.d., above), or to care for a covered servicemember if you are a spouse, civil union partner, child, parent or next of kin to the covered servicemember (Paragraph 3, above), leave may be taken on an intermittent or reduced leave schedule. Intermittent leave also may be taken if you qualify for leave because of a qualifying exigency as described in Paragraph 1e, above, subject to the submission of a certification prescribed by the Secretary of Labor. If leave is requested on an intermittent basis, however, the District may require that you transfer temporarily to an alternative position which better accommodates recurring periods of absence or to a part-time schedule, provided that the position offers equivalent pay and benefits.
8. Light Duty Work Assignments. While voluntarily performing in a light duty capacity while on FMLA leave, that time does not count against your 12 week FMLA allotment. In effect, your right to restoration is held in abeyance during the period of time that you are performing in a light duty capacity (or until the end of the applicable 12 month FMLA leave year if longer).
9. Notification and Reporting Requirements. All requests (see FMLA Certification Forms in the appendix section of this manual) for leaves of absence must be submitted to your supervisor or the Administrative Office at least thirty (30) days in advance of the start of the leave, except when the leave is due to an emergency or is otherwise not foreseeable. If the leave is not foreseeable, you must provide notice as soon as "practicable," which generally means either the same day or the next business day that you learn of the need for leave, in the absence of any unusual circumstances. A delay in submitting an FMLA leave request may result in a loss of FMLA protections and/or a delay of the start of your leave. Your supervisor will forward the request to the Administrative Office for approval.

You must respond to our questions relative to your leave request so that we can determine if the leave qualifies for FMLA protection; failure to do so may result in loss or delay of FMLA protections. If you are seeking leave due to an FMLA-qualifying reason for which the District has previously granted you FMLA-

protected leave, *you must specifically reference the qualifying reason or need for FMLA leave at the time of your request to be away from work.* It is not sufficient to simply “call in sick” without providing additional information which would provide the District with reasonable cause to believe your absence/time away from work may qualify as an FMLA qualifying event. In all cases in which you are seeking leave under this policy, you shall provide such notice to the District consistent with the District’s established call-in procedures so long as no unusual circumstances prevent you from doing so. Failure to comply with the call-in procedures may result in a delay or denial of FMLA protected leave.

You must make an effort to schedule a leave so as not to disrupt business operations. During the leave, you may be required to report periodically on your status and your intention to return to work. Any extension of time for your leave of absence must be requested in writing prior to your scheduled date of return to work, together with written documentation to support the extension. Your failure to either return to work on the scheduled date of return or to apply in writing for an extension prior to that date will be considered to be a resignation of employment effective as of the last date of the approved leave. Employees on leaves for their own serious health condition must provide fitness-for-duty releases from their health care provider before they will be permitted to return to work. Your maximum time on a leave of absence, all types combined, and including all extensions, cannot exceed a total of twelve (12) weeks in a rolling twelve month period, unless you are a spouse, child, parent, or next of kin on leave to care for a covered servicemember, in which case your leave can last for up to twenty-six (26) workweeks in a single twelve (12) month period (unless legally required otherwise).

An employee shall not be granted a leave of absence for the purpose of seeking or taking employment elsewhere or operating a private business. Unauthorized work while on a leave of absence will result in disciplinary action, up to and including discharge.

A leave of absence will not affect the continuity of your employment. Your original date of employment remains the same for seniority purposes. However, you will not accrue any benefits during the period you are on a leave.

10. Employee Benefits During Family and Medical Leave of Absence. You will be permitted to maintain dental insurance coverage for the duration of the leave under the same conditions coverage would have been provided if you had remained actively at work. However, you must make arrangements for the continuation of and payment of insurance premiums before you go on leave status. If you do not return to work after the leave, or if you fail to pay your portion of the premiums, you will be required, under certain circumstances, to reimburse the District for the costs and expenses associated with insuring you during the leave.

11. Sick and Vacation Time Accrual. Sick time and vacation time will not accrue while an employee is on a FMLA leave.
12. Return From a Family and Medical Leave. If you return from your leave on or before being absent for twelve (12) workweeks in a rolling twelve (12) month period or twenty-six (26) workweeks during a single twelve (12) month period if you took a leave under the servicemember family leave provision, you will be restored to the same or to an equivalent position to the one you held when the leave started. Of course, you have no greater right to reinstatement or to other benefits and conditions of employment than if you had been continuously employed during the FMLA leave period. In determining whether a position is “equivalent” we would look at whether the position had substantially similar terms and conditions of employment and whether the position entails similar duties, skills, efforts, responsibilities, authority, privileges and status. **The alternative position should be at the same worksite or a nearby worksite with a similar work schedule. However, the employee does not need to be reinstated in a position with the same job title or in the same physical office or cubicle as the prior position.**

If the leave was due to your own serious health condition, you will be required to submit a fitness-for-duty certification from your health care provider in accordance with our normal policies and practices applicable to other leaves of absence, certifying that you are able to resume work and perform the essential functions of the job (either with or without a reasonable accommodation). A list of the essential job functions will be made available to you for compliance with this requirement prior to the District designating your leave as FMLA leave. If a reasonable job safety concern exists, you also may be required to provide a fitness for duty certification up to once every 30 days before returning from an intermittent or reduced schedule FMLA leave related to your own serious health condition. Generally, a returning employee will be permitted to return to work within two (2) business days of the District’s receipt of a valid fitness for duty release.

If you fail to return to work at the expiration of your approved family and medical leave, it will be considered to be a resignation of your employment with us. Likewise, an employee on FMLA leave who provides notice of their intent not to return to work upon expiration of a leave will lose their entitlement to FMLA leave and related benefits.

13. Key Employees. Certain highly compensated key employees may be denied reinstatement when necessary to prevent “substantial and grievous economic injury” to the District’s operations. A “key” employee is a salaried employee who is among the highest paid 10% of employees at that location, or any location within a 75-mile radius. Employees will be notified of their status as a key employee, when applicable, after they request a family and medical leave.

14. Coordination with Other Policies. You may substitute any accrued paid vacation days, personal time, and sick days (if you otherwise qualify) for unpaid leave under this policy, and any such paid time off must be taken concurrently with your family and medical leave. If you otherwise qualify for disability pay, you will collect it at the same time you are on unpaid Family and Medical Leave.

Further, if you otherwise qualify for any other type of leave of absence, you must take that leave at the same time as you are taking your family and medical leave. All time missed from work that qualifies for both family and medical leave, and for workers' compensation (or any other type of lawfully allowed leave), will be counted toward your family and medical leave. To receive any type of paid time off benefit while on FMLA leave, you are required to meet the District's conditions for taking the paid leave (although the District may in its discretion waive any procedural requirement for the paid leave in appropriate circumstances).

15. Anti-Retaliation Provisions. Be assured that no retaliation will be taken or tolerated against any employee who exercises his/her rights under our FMLA Policy. If you feel that you have been the victim of any discrimination or retaliation under this policy, you are encouraged to contact your Department Head or the Executive Director so that the matter can be promptly investigated and remedied as appropriate.

16. Compliance With Other Laws. In administering this FMLA Policy, the District complies with the Americans with Disabilities Act (ADA) and any other relevant law. The District may approve a reasonable request for an extension of a leave of absence beyond the amount of leave provided by the FMLA, approve a leave of absence for an employee who does not qualify for FMLA leave, or otherwise modify this policy, as a reasonable accommodation for a disability under the ADA.

PERSONAL LEAVE OF ABSENCE

Policy:

Eligible full-time employees may be granted personal leave of absence for a period not to exceed thirty (30) consecutive calendar days within any twenty-four (24) consecutive month period. This is an unpaid leave, except in the case of a full-time employee who may elect to use accrued benefit time during the leave, such as sick time, personal time, vacation time or compensatory time. Normally, a personal leave of absence will not be granted during the first year of employment.

Comment:

1. All requests for personal leaves should be made in writing and must be approved by the employee's supervisor(s) and the Executive Director. The following considerations will be taken into account when determining whether or not to grant the leave: purpose for which the leave is requested; length of time the employee plans to be away; the employee's job performance and attendance and punctuality record, the effect the employee's absence will have on the work in the department (i.e., the staffing requirements in the employee's facility or department); the employee's position and length of service; the expectation that the employee will return to work when the leave expires; and any other factors deemed relevant by the District in its sole discretion. Each request will be reviewed on a case-by-case basis.
2. You must provide a written request for a personal leave of absence to your Direct Supervisor at least one month in advance of the date you would like the leave to begin. If you request an extension while on FMLA leave, the request must be made at least two (2) weeks prior to the end of the original, approved FMLA leave. The application must specify the reasons for the extended leave and the length of time the employee intends to be away.
3. Additional leave time may be granted, provided that it does not extend the total leave beyond one year, including leave granted under the FMLA, if any. Requests for additional leave time must be made in writing at least two weeks prior to the expiration of the initial leave period, and must specify the reason(s) for the request and the amount of additional time sought. This request must be approved by the Executive Director.
4. While a full-time employee is on an approved personal leave, the employee will be eligible to continue the group dental insurance coverage in existence for that employee at the start of the leave under the District's group plan for the duration of the leave provided that the employee pays 100% of the premium contribution. Other employment benefits, if any, such as vacation, sick leave, or personal days, shall not accrue during a personal leave of absence. Employees on a personal leave, however, will not forfeit any benefits that accrued prior to the start of the leave.

5. In the case of an employee's own illness or injury, a physician's statement certifying the employee's ability to perform the essential functions of his job is required by the District before an employee may be permitted to return to work.
6. Although the Park District will attempt to reinstate the employee at the conclusion of the personal leave period to the same or similar position to the one vacated, conditions may arise which necessitate the filling of the vacated position. Accordingly, reinstatement after a personal leave of absence is not guaranteed by the District.
7. Pursuant to the District's American with Disabilities Act (ADA) policy, employees may request extended unpaid leave as a "reasonable accommodation" under the ADA.
8. Any employee who fails to return to an available position on the first scheduled working day after the leave of absence has expired will be considered to have resigned from the District.

MILITARY LEAVE

Policy:

An employee who is a member of the United States Army, Navy, Air Force, Marines, Coast Guard, National Guard, or Reserves will be granted a leave of absence for military service, training or related obligations in accordance with applicable law.

Comment:

1. Full-time employees may take leave without pay to participate in mandatory military training and duty in the United States Armed Forces for the actual duration of such training and duty. Employees on military leave may substitute their accrued paid leave for unpaid leave.
2. You must provide the District with at least thirty (30) days of advanced written notice prior to the start of leave for military service, except in cases of national emergency. Such notice must include, without limitation, a copy of your orders. Upon return to the District from your military training, you must submit a statement signed by an appropriate military official indicating the time you spent in military training and/or service.
3. Employees who receive honorable discharges from the military or have evidence of satisfactory completion of service, and who wish to continue to work for the District, must reapply to the District within 90 days of discharge or within a year after hospitalization continuing from military discharge.
4. Pursuant to the Local Government Employees Benefits Continuation Act (50 ILCS 140/2), if you are a member of the National Guard or of the United States Armed Services Reserve, you may be entitled to leave with pay when called into service by the President of the United States as provided by law. Under this Act, and if eligible, your salary continuation shall include dental insurance and any other benefits you were receiving at the time you are called up. Your salary will be offset by your military pay.
5. Employees who qualify for the Local Government Employees Benefits Continuation Act are also eligible for leave with pay, for not more than ten (10) working days, to take part in annual encampments or training cruises. They will receive the difference between their regular salary and their base military pay. Employees should retain their military vouchers. Upon the employee's return, he or she must furnish official proof of pay during the tour of duty in order to receive pay from the District.
6. Employees inducted into the Armed Services of the United States under the Military Selective Service Act (or under any prior or subsequent corresponding law) for training and service shall receive military leave and reemployment benefits in accordance with applicable law. Employees who enlist in the Armed

Services of the United States shall also receive military leave and reemployment benefits in accordance with applicable law.

7. During a military leave of less than 31 days, an employee is entitled to continued group dental plan coverage under the same conditions as if the employee had continued to work. For military leaves of more than 30 days, an employee may elect to continue his dental coverage for up to 18 months of uniformed service, but will be required to pay all or part of the premium for the continuation coverage.

SCHOOL VISITATION RIGHTS ACT

Policy:

If you have worked for the District at least six months for an average of at least 20 hours per week, you may be eligible to take up to eight hours of unpaid school visitation leave per school year to attend school conferences or classroom activities related to your child(ren) if the conference or classroom activities cannot be scheduled during non-work hours. For purposes of this policy, “school” means any public or private primary or secondary school or educational facility located in Illinois or a state that shares a common boundary with Illinois.

Comment:

1. No more than four hours of leave may be taken in any one day. Leave will not be granted until the employee has used up all available vacation leave and personal days.
2. Before arranging attendance at the school conference or activity, you must provide the District with a written request for leave at least seven (7) days in advance of the requested time off. In an emergency situation, you may give 24-hour notice. In addition, you must consult with your Direct Supervisor to schedule the leave so as not to disrupt operations unduly.
3. School visitation leave shall be unpaid. You may choose, however, to make up the time taken for school visitation leave on a different day or shift if such arrangement may reasonably be provided by the District. If you choose not to make up the time taken, or an arrangement to make up such time cannot be made, you will not be compensated for the leave taken.
4. Upon completion of a school visitation, you may be required to produce documentation to the District.
5. Failure to submit the documentation upon request to the Park District within two (2) working days of your school visit may subject you to disciplinary action.

VICTIMS' ECONOMIC SECURITY AND SAFETY ACT

Policy:

This policy summarizes rights and regulations under the Victims' Economic Security and Safety Act of 2003 ("VESSA").

The VESSA provides employees with up to 12 workweeks of unpaid leave during a 12-month period to address the consequences of domestic violence or sexual violence to themselves, their family or household member who is a victim of domestic violence or sexual violence.

Comment:

1. The District will provide up to twelve (12) weeks of unpaid leave from work on an intermittent or reduced work schedule basis to an employee who is a victim of domestic or sexual violence (or who has a family or household member who is a victim of domestic or sexual violence) if the employee is:
 - a. Seeking medical attention for, or recovering from, physical or psychological injuries caused by domestic or sexual violence to the employee or the employee's family or household member;
 - b. Obtaining services from a victim services organization for the employee or the employee's family or household member;
 - c. Obtaining psychological or other counseling for the employee or the employee's family or household member;
 - d. Participating in safety planning, temporarily or permanently relocating, or taking other actions to increase the safety of the employee or the employee's family or household member from future domestic or sexual violence, or to ensure economic security; or
 - e. Seeking legal assistance or remedies to ensure the health and safety of the employee or the employee's family or household member, including preparing for or participating in any civil or criminal legal proceeding related to or derived from domestic or sexual violence.

"Family or household member" means a spouse, parent, son, daughter, and persons jointly residing in the same household whose interests are not adverse to the employee as it relates to the domestic or sexual violence.

"Parent" means the biological parent of an employee or an individual who stood in loco parentis to an employee when the employee was a son or a daughter. "Son or daughter" means a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis, who is under 18 years of age, or 18 or older if the individual is incapable of self-care because of a mental or physical disability.

2. The employee shall be entitled to a total of 12 workweeks of unpaid leave during any 12-month period. (This policy does not create a right for an employee to take unpaid leave that exceeds the unpaid leave time allowed under, or is an addition to, the unpaid leave time permitted by the federal Family and Medical Leave Act.)
3. The employee may use any available paid or unpaid leave (including family, medical, sick, annual, personal, etc.).
4. The employee shall provide the District with at least 48 hours of advance notice of the employee's intention to take the leave, unless providing such notice is not practicable.

When an unscheduled absence occurs, the District will not take any action against the employee if the employee, within a reasonable period after the absence (generally defined herein as 15 days), provides certification as shown under the next section.

5. The District may require the employee to provide certification to the District that:
 - a. The employee or the employee's family or household member is a victim of domestic or sexual violence; and
 - b. The leave is for one of the purposes enumerated in the above "Basis" paragraph.
6. The employee shall provide such certification to the District within a reasonable period after the District requests certification.
7. An employee may satisfy the above certification requirement by providing to the District a signed and dated statement by the employee, and the employee shall also provide:
 - a. Documentation from an employee, agent, or volunteer of a victim services organization, an attorney, a member of the clergy, or a medical or other professional from whom the employee or the employee's family or household member has sought assistance in addressing domestic or sexual violence;
 - b. A police or court record; or
 - c. Other corroborating evidence.
8. All information provided to the District, including a statement of the employee or any other documentation, record, or corroborating evidence, and the fact that the employee has requested or obtained leave pursuant to this policy, shall be retained in the strictest confidence by the District, except to the extent that disclosure is:
 - a. Requested or consented to in writing by the employee; or

- b. Otherwise required by applicable federal or state law.
9. In general, an employee who takes leave under this policy shall be entitled, on return from such leave:
- a. To be restored by the District to the position of employment held by the employee when the leave commenced; or
 - b. To be restored to an equivalent position with equivalent employment benefits, pay, and other terms and conditions of employment.
10. The taking of leave under this policy shall not result in the loss of any employment benefit accrued prior to the date on which the leave commenced. However, the employee is not entitled to:
- a. The accrual of any seniority or employment benefits during any period of unpaid leave; or
 - b. Any right, benefit, or position of employment other than any right, benefit, or position to which the employee would have been entitled had the employee not taken the leave.
11. The District may require an employee on leave under this policy to report to the District periodically on the status and intention of the employee to return to work.
12. Except as provided under “Loss of Benefits,” during any period that an employee takes leave under this policy, the District shall maintain coverage for the employee and any family or household member under any group health plan for the duration of such leave at the level and under the conditions coverage would have been provided if the employee had continued in employment continuously for the duration of such leave.
13. The District may recover the premium that the District paid for maintaining coverage for the employee’s family or household member under such group health plan during any period of leave under this policy if:
- a. The employee fails to return from leave under this policy after the period of leave to which the employee is entitled has expired; and
 - b. The employee fails to return to work for a reason other than:
 - (1) The continuation, recurrence, or onset of domestic or sexual violence that entitles the employee to leave; or
 - (2) Other circumstances beyond the control of the employee.

The District may require an employee who claims that the employee is unable to return to work because of a reason described in (1) or (2) above to provide, within

a reasonable period after making the claim, certification to the District that the employee is unable to return to work because of that reason.

An employee may satisfy such certification requirement by providing to the District a sworn statement of the employee; or documentation from an employee, agent, or volunteer of a victim service organization, an attorney, a member of the clergy, or a medical or other professional from whom the employee has sought assistance in addressing domestic or sexual violence and the effects of the violence; a police or court order; or other collaborating evidence

The District will not fail to hire, refuse to hire, discharge, or harass any individual exercising his or her rights under this policy or otherwise discriminate against any individual exercising his or her rights under this policy with respect to the compensation, terms, conditions, or privileges of employment of the individual, or retaliate against an individual in any form or manner for exercising his or her rights under this policy.

BEREAVEMENT LEAVE

Policy:

All full-time employees are provided up to three (3) working days with pay per calendar year to attend the funeral of a family member, or up to five (5) days if travel of more than 300 miles one way is necessary, with the approval of the employee's Direct Supervisor or Department Head via a completed Personnel Action Report, which can be found in the appendix section of this manual. These days are to be taken consecutively within a reasonable time of the day of the death or the day of the funeral, and may not be split or postponed. For purposes of this policy, "family members" is defined as the employee's spouse, civil union partner, child, stepchild, parent, grandparent, sibling, grandchild, grandparent-in-law, parent-in-law, son in-law, daughter-in-law, brother-in-law, and sister-in-law. Proof of death and relationship to the deceased may be required which in most cases would be an obituary.

Comment:

1. Days absent will be charged as sick days.
2. In addition to paid time off, eligible employees (that have worked for the District for at least twelve months and 1,250 hours during the previous twelve month period) are entitled to a maximum of two weeks (10 working days) of unpaid leave and must take the leave within 60 days of receiving notification of a death of a child. Employees may be entitled to up to 6 weeks of bereavement time in the event of the death of more than one child during a twelve month period. Child in this policy means an employee's son or daughter, a step-child, a legal ward, or a child of a person standing in loco parentis.

JURY DUTY

Policy:

Employees selected for jury duty will be granted time off for the duration of their jury service. Full-time employees on jury duty will receive an amount equal to the difference between their full pay based on their regular base pay (if exempt), or the number of hours for which the employee was scheduled to work on those days, and their jury duty pay, up to a maximum of 10 working days. In order to receive pay from the District, eligible employees must submit a copy of the check received for jury duty to the Administrative Office before the District will pay the difference.

Comment:

1. All other employees will receive jury duty leave without pay from the District.
2. All employees must provide written notice supported with appropriate documentation of jury duty (e.g., the jury duty summons), to their Direct Supervisor as promptly as possible, before reporting for jury duty. During jury duty, and as promptly as possible, employees must inform their Direct Supervisor as to the duration of the jury duty. Following jury duty, all employees must provide the District with appropriate documentation evidencing the length of their jury duty.

EMERGENCY CLOSINGS

Policy:

On occasion, due to inclement weather, national crisis, or other emergency, the District may close for all or part of a normally scheduled workday or an employee may not be able to get to work as a result of the aforementioned conditions. Part-time employees will not be paid for time not worked as a result of a closing or an inability to report to work. Non-exempt full-time employees as well as exempt (salaried) employees will not be paid for time not worked as a result of a closing or an inability to report to work unless accrued vacation/personal time is used. The District will attempt to notify employees of its closure.

**PERSONAL
CONDUCT**

OPEN DOOR POLICY

Policy:

The District promotes an atmosphere whereby employees can talk freely with members of the management staff. Employees are encouraged to openly discuss with their Direct Supervisor any problems, questions, ideas, complaints and suggestions so that appropriate action may be taken. If the supervisor cannot be of assistance, the Department Head and Executive Director are available for consultation and guidance. The District is interested in all of our employees' success and happiness with us. We therefore welcome the opportunity to help employees whenever feasible.

SUGGESTION SYSTEM

Policy:

Employees who have suggestions for the improvement of services, reduction of costs, improvement of safety or training, or other related programs or plans, are encouraged to discuss their suggestions with their Direct Supervisor who will submit a written report to the Department Head. The employee will be notified of the disposition of the suggestion. If an employee's suggestion is implemented, a copy of the written report including action taken will be placed in his personnel file.

Each employee is expected to work toward meeting our goal of providing services in a friendly, efficient and professional manner. These rules and policies are designed to promote orderly, safe and efficient operations. They have been developed through common sense and years of experience, and all employees are required to carefully read these rules and policies and to conduct themselves accordingly.

GENERAL SAFETY POLICY AND RULES

Policy:

Safety while on the job is the responsibility of every District employee. With proper precautions, most accidents on the job can be prevented. It is every employee's responsibility to know and comply with all health and safety policies, rules and regulations, and to act in a safe manner. Carelessness, inattention, neglect, horseplay and disregard for safety rules cause accidents. Therefore, employees must at all times be careful, attentive, alert, and follow proper safety procedures. The District will not tolerate any breach of safety rules or regulations by employees. Employees are expected to be alert for safety hazards that may exist and could affect the general public or employees of the District. Employees are also responsible for reporting any unsafe equipment or condition to your Direct Supervisor immediately upon your discovery of such condition. We must all work together to achieve a safe and healthy working environment. Employees should make certain that you do not create safety hazards.

Comment:

1. It is the intent of the District to provide a safe working environment for you and a safe leisure environment for the public using our programs, facilities and parks. 2. Employees are directed to make safety a matter of continuing and mutual concern, equal in importance with all other operational considerations. Employees should use your best efforts to ensure that work is done in a safe manner, inspections are conducted on a regular basis, hazards are confronted and removed and accidents are investigated as appropriate. Accordingly, all employees shall adhere to the following rules:
 - a. Horseplay and fighting will not be tolerated in the workplace.
 - b. Possession of unauthorized firearms, alcoholic beverages, illegal drugs or unauthorized use of prescription drugs will not be tolerated in the workplace.
 - c. Your Direct Supervisor must be informed if you are required to take medication during work hours which may impact your safety or the safety of others while you are working. - t. Departmental and facility rules and procedures specific to departmental operations must be followed by each employee in the department.
- u. Employees must assist and cooperate with all safety investigations and inspections and assist in implementing safety procedures as required.

POLITICAL ACTIVITY

Policy:

District employees are expected to serve all patrons equally. The political opinions or affiliations of any patrons should in no way affect the amount or quality of service received from the District.

Comment:

1. District rules do not preclude an employee from becoming a political candidate or from taking part in election campaigns and engaging in other lawful political activities. However, employees may not engage in political activities at any time while on duty or when they may be identified as an employee of the District by any means such as uniform, insignia, motor vehicle or in any other manner. Political activities include, but are not limited to, running as a candidate for public office, soliciting or receiving funds for a political party or candidate for public office, soliciting votes for such party or candidate, attending political rallies, circulating petitions, distributing political literature, or encouraging others to do any of the above. For purposes of this paragraph “while on duty” includes those hours you are scheduled to work and are working for the District but does not include lunches or other periods of non-work time.
2. Employees are also prohibited from interrupting or disturbing other employees while they are on duty.
3. Political affiliation, preference or opinion will not influence an individual’s employment, retention or promotion as a District employee. Employees of the District will not be required to contribute monies to any candidate or political party, but may do so on a strictly voluntary basis.

GIFTS

Policy:

You must not solicit or accept any gift, gratuity or other reward from any person, business or entity that is doing business with the District or is attempting to secure business from the District. Further, you must not solicit or accept gifts, nor should you expect people who use our programs or facilities to give you gifts, gratuities or other rewards, or other remunerative devices or favors for performing your job, except as otherwise provided in this policy.

Comment:

1. If someone offers or gives you a gift as a result of your position as a District employee, you must report it to the Executive Director. This policy does not apply to nominal non-cash matters such as a cup of coffee, a soft drink, a sandwich, or other similar items that have a monetary value of less than \$25. However, you must report such non-cash matters to your Department Head.
2. If you are in doubt about any provisions of this policy, contact your Department Head. Department Heads may contact the Executive Director.
3. This policy applies to all employees.
4. Retention of any gift will be conditional upon the approval of the Executive Director after consultation with the appropriate Department Head.
5. Failure to properly report a gift, gratuity or other reward may subject you to disciplinary action, up to and including discharge.

COMPLIANCE WITH DISTRICT POLICIES AND PROCEDURES

Policy:

You are required to comply with all policies and procedures established by the Board of Park Commissioners, Direct Supervisors, and administrative staff of the District.

COMPLIANCE WITH SUPERVISORY DIRECTIVE

Policy:

Employees are required to comply with the directives of their Direct Supervisors, the Board, and administrative staff in the performance of their duties.

EMPLOYEE COOPERATION

Policy:

District employees provide a service to the community, and each employee must cooperate with fellow workers and the public in order to set a high standard of work performance. Unwillingness or failure to cooperate will subject the employee to disciplinary action, up to and including discharge. The employees of the District must function as a team, and each employee is required to make a positive contribution in the interest of effective and efficient public service.

Wrongful conduct, including (without limitation) insubordination, which engenders employee divisiveness, loss of morale, or workplace disruption, will not be tolerated and may lead to disciplinary action, up to and including discharge.

EXPEDITIOUS AND DILIGENT PERFORMANCE OF DUTIES

Policy:

You are expected to expeditiously and diligently perform your duties to the best of your ability.

REPORTING IMPROPER OR UNSAFE ACTIVITY

Policy:

Employees are expected to act and conduct themselves at all times in the best interests of the District. If an employee reasonably believes or knows that another District employee is engaged in unlawful conduct while on duty, employees must promptly report such conduct, and submit any supporting information, to your Direct Supervisor, the Risk Manager or the Executive Director.

Employees are also required to notify the Illinois Department of Children and Family Services (DCFS) whenever there is reasonable cause to believe that a child known to the employee during the course of their employment with the District may be abused or neglected. See the appropriate form located in the appendix section of this manual.

CARELESSNESS POLICY

Policy:

The District prohibits, forbids, and does not tolerate carelessness, horseplay substandard or hazardous work practices within its facilities, on its property, or while conducting District business.

The District expects and demands that its employees perform their employment duties with care and attention to our patrons' needs, the safety and welfare of fellow employees, and to meet the District's quality standards and requirements. Employees who are careless or negligent in performing their job duties will be subject to disciplinary action. Carelessness or negligent conduct may result in disciplinary action, up to and including immediate discharge. Employees who fail to respond to the District's efforts to correct carelessness may be subject to disciplinary action, up to and including discharge.

Comment:

1. If an employee is aware of careless or negligent conduct, they must report the conduct to their Direct Supervisor. If they feel uncomfortable doing so, or if their Direct Supervisor is the source of the problem, condones the problem, or ignores the problem, report to the next level of management above the Direct Supervisor or the Executive Director.
2. If neither of these alternatives is satisfactory to you, then the employee can direct their questions, problems, complaint, or reports to the President of the Board.
3. An employee is not required to directly confront the person who is the source of the report, question, or complaint before notifying the District's management.

WORKPLACE WRONGDOING POLICY

Policy:

The District does not tolerate workplace wrongdoing on District premises, property, District-sponsored events, or while acting within the scope of employment.

The District does not tolerate theft of property, whether from the District, patron or from a co-worker. Employees should seek permission before removing District material, tools, or other items, including damaged goods, scrap material, or any other material. Any employee who violates this policy may be subject to disciplinary action, up to and including immediate discharge.

The District prohibits employees from submitting false information on any expense account sheet or on any insurance claim submitted under the District's health care benefits or workers' compensation benefits program.

The District prohibits fighting on its premises, instigating or threatening physical violence.

The District prohibits horseplay, practical jokes, and pranks.

The District prohibits embezzlement or stealing of District funds, including but not limited to, stealing money from a District account, stealing postage, or unlawful use of telephone privileges. Any employee who violates this policy may be subject to disciplinary action, up to and including immediate discharge.

Comment:

1. If an employee is aware of any conduct that violates this policy, they must report the conduct to their Direct Supervisor. If the employee feel uncomfortable doing so, or if the Direct Supervisor is the source of the problem, condones the problem, or ignores the problem, report to the next level of management above the Direct Supervisor or the Executive Director.
2. If neither of these alternatives is satisfactory, then the employee can direct their questions, problems, complaint, or reports to the President of the Board.
3. An employee is not required to directly confront the person who is the source of the report, question, or complaint before notifying any of those individuals listed.

ACTING IN THE DISTRICT'S INTERESTS

Policy:

You are expected to act and conduct yourself at all times in the best interest of the District.

ROMANTIC OR SEXUAL RELATIONSHIPS

Policy:

Consenting “romantic” or sexual relationships between a supervisor/manager and an employee may at some point lead to unhappy complications and significant difficulties for all concerned—the employee, the supervisor/manager and the District. Any such relationship may, therefore, be contrary to the best interests of the District.

Accordingly, the District strongly discourages such relationships and any conduct (such as dating between a supervisor/manager and an employee) that is designed or may reasonably be expected to lead to the formation of a “romantic” or sexual relationship.

By its discouragement of romantic and sexual relationships, the District does not intend to prohibit the social interaction among employees (such as lunches, dinners or attendance at entertainment events), provided employees abide by the District’s policies, including its Non-Discrimination and Anti-Harassment Policy articulated above is not to be relied upon as justification or excuse for a supervisor’s/manager’s refusal to engage in such social interaction with employees.

Comment:

1. If a romantic or sexual relationship between a supervisor/manager and an employee should develop, it shall be the responsibility and mandatory obligation of the supervisor/manager to promptly disclose the existence of the relationship to the employee’s Department Head. The employee may make the disclosure as well, but the obligation of doing so shall be upon the supervisor/manager.
2. The Department Head shall inform the Executive Director and others on a need-to-know basis of existence of the relationship, including, in all cases, the person responsible for the employees’ work assignments.
3. Upon being informed or learning of the existence of such a relationship, the District may take all steps that it, in its discretion, deems appropriate and necessary to even avoid the appearance of impropriety. At a minimum, the employee and supervisor/manager will not thereafter be permitted to work together on the same matters (including matters pending when the disclosure of the relationship is made), and the supervisor/manager must withdraw from participation in activities or decisions (including, but not limited to, hiring, evaluations, promotions, compensation, work assignment and discipline) that may reward or disadvantage any employee with whom the supervisor/manager has or has had such a relationship.
4. In addition, and in order for the District to deal effectively with any potentially adverse consequences such a relationship may have for the working environment, any person who believes that he or she has been adversely affected by such a relationship, notwithstanding its disclosure, is encouraged to make his or her views about the matter known to the Department Head, the Risk Manager, or the Executive Director.

VIOLENCE IN THE WORKPLACE

Policy:

The District strongly believes that all employees should be treated with dignity and respect. Acts or threats of violence are not to be tolerated. Any acts or threats of violence must be reported to the employee's Direct Supervisor and/or the Department Head.

Comment:

1. The District will promptly respond to any incident or threat of violence. Violation of this policy may result in disciplinary action, up to and including immediate discharge.

ACCURATE RECORDS

Policy:

Any reports or records that an employee produces or maintains that are for the District must be accurate and complete.

PROPER DRESS AND APPEARANCE

Policy:

In order to maintain the District's professional and positive image with the patrons and taxpayers, to promote a productive work environment and to comply with applicable health and safety standards, it is the policy of the District that each employee's dress, grooming and personal hygiene should be appropriate to the work situation as more specifically set forth herein.

Comments:

1. An appropriate, well-groomed, neat appearance, like proper maintenance of work areas, is an ongoing requirement of employment with the District.
2. Full-time employees must comply with the following personal appearance standards:
 - a. Exempt (salaried) employees are expected to dress in a professional, businesslike manner unless noted otherwise, and unless engaging in an activity where another type of clothing is appropriate. Employees should not wear unprofessional attire, jeans, athletic clothing, shorts, thong or rubber flip-flop style sandals, T-shirts, baseball hats, and similar casual attire since this clothing does not present a businesslike appearance.
 - b. Non-exempt (hourly) park/golf/Dillon Home maintenance employees are required to wear the District's authorized uniform. Non-exempt park/golf maintenance employees may also wear hemmed blue jean shorts when the daily work tasks permit (e.g., pants must be worn when working with potentially hazardous equipment such as string trimmers, sprayers, etc.) and when approved by their Direct Supervisor. The hem length of the shorts must have an inseam length of at least 4 inches. No low rise, holed, torn or ripped pants/shorts are allowed.
3. Part-time employees must comply with the following personal appearance standards:
 - a. Facility staff at:
 - (1) Westwood/Duis Center/Oppold Marina are required to wear Dockers-style (or similar) pants in the tan family or Dockers-style (or similar) shorts in the tan family with an inseam length of at least 4 inches and a District-issued staff shirt.
 - (2) Emerald Hill/Mulligan's are required to wear Dockers-style (or similar) pants in the tan family or Dockers-style (or similar) shorts in the tan family with an inseam length of at least 4 inches and a District-issued collared staff shirt.

- b. Food service employees are required to wear Dockers-style (or similar) pants in the tan family, navy blue or black; or Dockers-style (or similar) shorts in the tan family, navy blue or black with an inseam length of at least 4 inches and a District-issued staff shirt.
 - c. Lifeguards are required to wear the District's issued/authorized swimsuit. Lifeguards may also wear District-issued shorts and shirt.
 - d. Custodians/maintenance employees are required to wear jean pants and a District-issued staff shirt. Golf/park maintenance personnel may also wear hemmed blue jean shorts when the daily work tasks permit (e.g., pants must be worn when working with potentially hazardous equipment such as string trimmers, sprayers, etc.). The hem length of the shorts must have an inseam length of at least 4 inches. No low rise, holed, torn or ripped pants/shorts are allowed.
 - e. Program employees are required to dress in a manner as established by the District to be appropriate to the activity and will wear, when required, a District-authorized staff shirt.
 - f. With the exception of the pro shop staff at Emerald Hill, headwear may not be worn indoors by facility staff. District issued or approved headwear may be worn outdoors however.
4. The District has designated Friday as a "casual dress" day for full-time employees.
- a. On Fridays, full-time employees may wear jeans or other casual pants or shorts. All other dress code policies remain in effect.
5. The District expects that all employees will exercise good, professional judgment in choosing the type of hairstyle, accessories and makeup worn while working. All employees shall abide by the following guidelines:
- a. **HAIR:** Your hair should be neatly combed and trimmed at all times. Staff with long hair should wear it in such a manner that it does not fall forward over their face while performing their job. Any hairstyle or color determined to be unprofessional or inappropriate by the District will not be allowed. Lines or shave hair designs are not allowed. Mustaches and beards are permitted as long as they are neatly groomed.
 - b. **FINGERNAILS:** Clean and neatly groomed fingernails are required.
 - c. **JEWELRY:** Earrings must not exceed 1 inch below the earlobe. Excessive and inappropriate jewelry will not be permitted. Body and facial (including tongue) piercing jewelry must always be removed or covered by clothing. Novelty buttons may not be worn while working.

- d. TATTOOS: Tattoos that are offensive in nature (i.e., words including profanity and/or symbols) or tattoos deemed to be inappropriate by the District must be covered.
6. The District expects that all employees wear clothing that is not in disrepair (e.g., not torn, no holes, slits, stains, etc.). Employees required to wear a staff shirt may wear a District–authorized/issued sweatshirt, vest or cardigan over the staff shirt.
7. Certain employees may be required to wear certain clothing due to safety conditions or job requirements. Safety gear, when required, will be provided by the District.
8. Any clothing supplied by the District may not be altered in any way. Also, any clothing supplied by the District shall not be worn while not working, except when traveling to/from work.
9. All employees shall wear a nametag while on duty, when required, if one has been issued to you.
10. Any employee who cannot comply with this policy based upon disability, religion, national origin or any other legally recognized basis shall forward a written request to the Risk Manager for an accommodation or exemption from this policy. Said request shall include the policy exception requested and include the basis for said request.
11. Any employee who cannot comply with this policy based upon a specific work assignment may seek an exemption during the assignment by the employee’s immediate full-time Direct Supervisor.
12. When employment ends, all District-issued clothing must be returned to your Direct Supervisor.
13. Any employee who does not meet the standards of this policy will be required to take corrective action that may include leaving the premises.

There will be no compensation for time not worked by a non-exempt (hourly) employee for violating this policy. Repeated violations of this policy may result in disciplinary action, up to and including termination.

CONFLICTS OF INTEREST

Policy:

The District expects our employees to conduct business according to the highest ethical standards of conduct. Employees are expected to devote their best effort of interests to the District. Business dealings that appear to create a conflict between the interest of the District and as employee are unacceptable.

Comment:

1. The District recognizes the right of employees to engage in activities outside of their employment, which are of a private nature and unrelated to our business. However, the employee must disclose any potential conflicts so that the District may access and prevent potential conflicts of interest from arising. A potential or actual conflict of interest occurs whenever an employee is in a position to influence a decision that may result in a personal gain for the employee or an immediate family member (i.e., spouse, civil union partner or significant other, children, parents, siblings) as a result of District's business dealings.
2. It is the responsibility of every District employee to disclose any personal or financial interest in any person, firm, company or any business entity doing business with the District. This information is required to determine whether any undue or special influence may be involved in sales to or purchases from the District. Such disclosure must be made in writing by the employee and forwarded to the Executive Director for review of a potential conflict of interest.
3. Although it is not possible to specify every action that might create a conflict of interest, this policy sets forth the ones which most frequently present problems. If an employee has any questions whether an action or proposed course of conduct would create a conflict of interest, he should immediately contact the Executive Director to obtain advice on the issue. The purpose of this policy is to protect employees from any conflict of interest that might arise.
4. Individuals employed in a supervisory capacity or authorized to purchase equipment may be required to file a Statement of Economic Interest as required by Illinois law. Please see the Executive Director for details.
5. A violation of this policy may result in immediate and appropriate discipline, up to and including immediate termination.

OUTSIDE ACTIVITIES

Policy:

Outside work activities are not allowed when they:

1. Prevent the employee from fully performing work for which he or she is employed at the District, including overtime assignments;
2. Involve organizations that are doing or seek to do business with the District, including actual or potential vendors;
3. Violate provisions of law or policies or rules of the District.

Comment:

1. From time to time, District employees may be required to work beyond their normally scheduled hours. Employees must perform this work when requested. In case of conflict with any outside activity, the employee's obligations to the District must be given priority. Employees are hired and continue in the District's employ with the understanding that the District is their primary employer and that other employment or commercial involvement which is in conflict with the business interests of the District is strictly prohibited.
2. Further, employees shall not enter into any contracts with an individual or company for the performance of services while on duty or while using District vehicles, equipment or other District property. No employee shall receive pay other than District pay for performing services while on duty, unless prior approval is given by the Executive Director.

DISCIPLINARY ACTIONS

Policy:

All employees are expected to meet the District's standards of work performance, engage in acceptable conduct and to satisfactorily perform their duties under the policies, guidelines and rules contained in this manual. In addition, employees are expected to follow any other District policies, rules and guidelines, performance standards, the directions of management and supervisors, and to act in accordance with federal, state and local law. Work performance encompasses many factors, including attendance, punctuality, personal conduct, job proficiency and general compliance with the District's policies and procedures.

If an employee does not meet these standards, the District may, under appropriate circumstances, take corrective action. The intent of corrective action is to formally document (see Disciplinary Action Notice in appendix) problems while providing the employee with a reasonable time within which to improve performance. The process is designed to encourage development by providing employees with guidance in areas that need improvement, such as work performance, attendance, attitude, personal conduct, general compliance with the District's policies and procedures and/or other problems with an employee's job performance.

Generally, the District applies progressive discipline, but the District reserves the right to by-pass progressive corrective action if it is deemed appropriate.

Notwithstanding the District's option to use progressive discipline, the District is not required to do so and may, in its sole discretion, forego lesser forms of discipline at any time and proceed immediately with discharge.

While the District hopes and expects the need for disciplinary action will be rare, when job performance, attitude, or conduct falls short of established standards, we will not hesitate to take appropriate action. Such actions may range from oral warnings to discharge.

Comment:

1. Oral and written warnings may be issued by a Direct Supervisor(s). Such warnings are issued for the purpose of expressing disapproval of conduct or poor work performance and/or poor attendance/timeliness and to warn the employee that repetition of the conduct or failure to improve work performance and/or attendance/timeliness may result in more severe discipline, including discharge.

The Supervisor issuing the warning will discuss the warning with the employee and suggest how to correct the offending conduct. The employee will be given the opportunity to provide written comments about the warning on the Disciplinary Action Notice. The employee is required to sign a verbal or written warning indicating receipt of the notice and corrective action. All documentation pertaining to an oral/written warning will be placed in the employee's personnel file.

2. A suspension is defined as temporarily relieving an employee from their duties. A suspension is issued for the purpose of expressing disapproval of conduct or poor work performance and/or poor attendance/timeliness and to warn the employee that repetition of the conduct or failure to improve work performance and/or attendance/timeliness may result in more severe discipline, including discharge.

Depending on the circumstances, a suspension may be with or without pay, at the sole discretion of the Executive Director. The duration of the suspension shall also be determined at the sole discretion of the Executive Director.

The Supervisor issuing the suspension will discuss the suspension with the employee and suggest how to correct the offending conduct. The employee will be given the opportunity to provide written comments about the suspension on the Disciplinary Action Notice. The employee is required to sign the notice indicating receipt of the suspension and corrective action. All documentation pertaining to a suspension will be placed in the employee's personnel file.

3. Generally, if an employee is discharged, they will receive written notice which includes the effective date of the discharge. All discharges must be approved by the Executive Director.
4. An employee may respond to any discipline, through the formal review procedures outlined in the applicable policies of this manual.

EXAMPLES OF REASONS FOR DISCIPLINARY ACTION

Policy:

Disciplinary action may include a warning, suspension, and/or discharge. Below are some examples of reasons for disciplinary action. This list, however, does not constitute an exhaustive list of all of the acts that may subject you to disciplinary action, including discharge, and does not change the employment-at-will relationship between the employee and the District. 28. Having more than one wage garnishment.

REVIEW OF DISCIPLINARY ACTION OTHER THAN DISCHARGE

Policy:

In the case of disciplinary action other than discharge, the employee may request a review of the action by submitting a request in writing to their Direct Supervisor within five (5) working days (Monday-Friday) from the date the action was taken. The Direct Supervisor may meet with the employee and should issue a written determination within ten (10) working days (Monday-Friday) of receipt of the written request for review. If the employee is not satisfied with this determination, they may seek review by submitting a written request with a copy of the determination to the supervisor at the next level of authority in their department within five (5) working days (Monday-Friday) after the date of the initial determination by the Direct Supervisor. This supervisor may meet with the employee and should issue a written determination within ten (10) working days (Monday-Friday) of receipt of the written request for review. If the employee is not satisfied with the determination at this stage, they may continue this process through each succeeding supervisory level in the department up to the Executive Director, and following the same five-day deadline at each level. Any decision of the Executive Director shall be final.

Comment:

1. The District's failure to strictly adhere to the time limits or the procedure in this section shall not affect the resolution of any disciplinary action.
2. This procedure should be followed to the extent that it is, at the District's sole discretion, practicable under the circumstances.

GRIEVANCE PROCESS AND PROCEDURE

Policy:

Any employee who has a grievance arising from his or her employment with the District is encouraged to attempt to resolve problems with the persons(s) involved. If that is unsuccessful or if, for any reason, the employee feels uncomfortable discussing the problem with the person(s) involved, the employee may use the following procedure:

1. An employee may present a grievance to their Direct Supervisor. The Direct Supervisor will meet with the employee and give a response within three (3) working days (Monday-Friday) of discussing the grievance. In most cases, the problem can and should be resolved with a frank and open discussion between the employee and the Direct Supervisor. However, if a satisfactory resolution is not reached at this level, the employee may proceed to step 2.
2. The employee may present a written grievance to the supervisor at the next level of authority in their department. The supervisor will investigate the matter, discuss the matter with the employee and the employee's Direct Supervisor and should give a written response within three (3) working days (Monday-Friday) of discussing the grievance. If the employee is not satisfied with the resolution at this stage, they may continue this process through each level of authority in their department, up to the Executive Director. In the event it is necessary for the employee to process their grievance up to the Executive Director, the Executive Director should issue a written decision within ten (10) working days (Monday-Friday) of discussing the grievance unless investigation requires a longer period of time. Any decision of the Executive Director is final and not subject to further review.
3. Department Heads may bypass steps 1 and 2 and take their grievance directly to the Board. The Board should issue a written decision within ten (10) working days (Monday-Friday) of discussing the grievance unless the investigation requires a longer period of time.
4. In all cases, the Executive Director's or Park Board's decision shall be final.
5. This grievance procedure does not apply to performance evaluations, suspensions, discharges or other disciplinary actions which may be reviewed in accordance with the various applicable policies found in this manual.
6. The District will not discriminate or retaliate against an employee because the employee, in good faith, processes a grievance through this procedure or, in good faith, testifies, assists or participates in a grievance procedure investigation. A copy of all correspondence relating to the grievance will be placed in the employee's personnel file.
7. The District's failure to strictly adhere to the timeframes suggested above will not affect the resolution of the grievance.

REVIEW OF DISCHARGE

Policy:

The decision to discharge an employee shall be final unless the employee requests a review of their dismissal by submitting a written request to the Executive Director within five (5) working days (Monday-Friday) from the date the action was taken. The Executive Director or a designee may meet with the employee and investigate the circumstances surrounding the dismissal. The Executive Director or the designee(s) should issue a written determination within ten (10) working days (Monday-Friday) of receipt of the written request. The Executive Director's decision shall be final.

If the employee is a Department Head who has been discharged, they may make a request to the President of the Park Board ("President") to have their discharge reviewed by the Park Board. The Executive Director's decision to discharge the employee shall be final unless you submit a written request for review of dismissal to the President within five (5) working days (Monday-Friday) from the date the action was taken. The President and the Park Board may meet with the employee and investigate the circumstances surrounding the discharge. The President, on behalf of the Park Board, should issue a written determination within ten (10) working days (Monday-Friday) of receipt of the written request. The Park Board's decision shall be final.

Comment:

1. Nothing in this section shall limit or restrict the District's right to discharge an employee at any time. The District's failure to strictly adhere to the time limits or the procedure in this section shall not affect the resolution of any disciplinary action.
2. This procedure will be followed to the extent that it is, at the District's sole discretion, as practicable.

EMPLOYEE'S RESPONSE

Policy:

An employee may respond to any disciplinary action taken against them by preparing a written response stating their position or objection to the disciplinary action and sending it to the Administrative Office to be placed in their personnel file. It is the employee's responsibility to make certain that their written response is received by the Administrative Office and is placed in their personnel file.

Comment:

1. Nothing in this section shall limit or restrict the District's right to dismiss an employee at any time, with or without cause or notice. As an at-will employee of the District, an employee may terminate their employment at any time, with or without cause or notice, and the District retains a similar right.

SMOKING AND TOBACCO USE

Policy:

Employee smoking/tobacco use, including smokeless cigarettes, electronic cigarette (e-cig or e-cigarette), personal vaporizer (PV) or an electronic nicotine delivery system (ENDS) is prohibited in or on any District building, facility, equipment, park, vehicle or other District property or while working directly with the public or while engaged in District business.

DRUG FREE WORKPLACE

Policy:

Employees are expected and required to report to work on time and to be in an appropriate mental and physical condition for work. To do so, employees must not have alcohol, medical marijuana or illegal drugs in their system. Violators may be subject to disciplinary action, up to and including discharge.

At no time during your service to the District should you be under the influence or in possession of alcohol, medical marijuana or illegal drugs during working hours, including the abuse of legal drugs. Also, if you work on or near vehicles or machinery, handle hazardous materials or substances of any kind, or have public safety responsibilities (i.e., transporting District patrons to outings or supervising programs or facilities operations), and you have taken or are under the influence of legal drugs, you must report the use of such legal drugs to your Direct Supervisor if the drug may impact safety or your ability to perform your job.

Any employees who are using prescription drugs that may have adverse side effects that may impact safety or the ability to perform your job should inform their supervisor or Department Head as soon as possible.

Employees cannot sell or make transactions involving legal or illegal drugs during work or at District facilities, properties, or in its vehicles. Violators may be subject to immediate disciplinary action, including, but not limited to, discharge. Any sale of legal or illegal drugs during work or on District premises, facilities, or in District vehicles will be treated as gross misconduct, punishable by immediate discharge for the first offense.

Comment:

1. If an employee knows of the possession or use of alcohol, *medical marijuana* or illegal drugs by another employee, the employee is encouraged to discuss their questions, problems, complaints, or reports with their Direct Supervisor or Risk Manager. If the employee feels uncomfortable doing so, or the Direct Supervisor is the source of the problem, report to the next level of management above the Direct Supervisor or the Executive Director.

If neither of these alternatives is satisfactory, then the employee can direct their questions, problems, complaints, or reports to the President of the Board.

ALCOHOL AND DRUG USE

Policy:

It is the policy of the District to maintain a work place that is free from the effects of drug and alcohol abuse.

The District has implemented an Alcohol and Drug Abuse Policy in response to overwhelming evidence that alcohol and drug abuse has a detrimental impact on employees' health, job performance, safety, and efficiency. Since District employees operate, supervise and maintain parks, facilities, programs and equipment for use by members of the public and perform services that may have a direct effect on the health and safety of members of the public and fellow employees, the District wishes to maximize the health and safety of its patrons and employees.

This policy also expresses the District's desire to satisfy the requirements of the federal and state Drug Free Workplace Acts (41 U.S.C.A. § 701 et seq. and 30 ILCS 580/1 et seq.). In accordance with these statutes and concerns, the District has resolved to maintain a drug free workplace.

The purpose of this policy is to inform employees of the District's investigation, treatment and disciplinary policy relating to alcohol and drugs. As such, all District employees will abide by its terms. As with all policies in this manual, this policy is subject to periodic addition, modification, or deletion.

This policy does not replace any of the provisions or requirements of the District's Controlled Substance and Alcohol Testing Policy for positions that require a commercial driver's license (CDL).

Comment:

1. Purpose

District employees who operate District commercial motor vehicles and possess a commercial driver's license have special responsibilities which are necessitated by the fact that they operate vehicles that require additional skill and attentiveness over that of non-commercial motor vehicles. As part of its continuing commitment to safety and to comply with federal law, the District has established a Controlled Substance and Alcohol Testing Policy for District positions that require a commercial driver's license (Alcohol and Drug Procedures for CDL Employees Policy). Both the District and the federal government recognize that it is important to establish programs to help prevent accidents and injuries resulting from the misuse of alcohol or use of controlled substances by drivers of commercial motor vehicles. The Alcohol and Drug Procedures for CDL Employees Policy is in addition to, and supplements and complements, all other District policies, rules, procedures, and practices, including, without limitation, this Alcohol and Drug Abuse Policy. However, for persons to whom the Alcohol and Drug Procedures for CDL Employees Policy applies, in the event of any conflict between any of the provisions of the Alcohol and Drug Procedures for

CDL Employees Policy and the provisions of any other District policy, rule, procedure, or practice, the provisions of the Alcohol and Drug Procedures for CDL Employees Policy will control.

2. **Acts Prohibited**

The unlawful use, sale, purchase, manufacture, distribution, dispensation, transfer, possession, or presence in one's system of non-prescribed drugs or a controlled substance, including cannabis (medical and otherwise) and alcohol, is prohibited on District property or while acting on behalf of the District.

3. **Definitions**

For purposes of this policy, the following definitions apply:

- a. "Alcohol" means any substance containing any form of alcohol, including but not limited to: ethanol, methanol, propanol, and isopropanol.
- b. "Cannabis" is defined as provided in the Cannabis Control Act (720 ILCS 550/1 et seq.), which provisions are specifically incorporated in this policy by reference.

- e. "District property" means any building, land, property, structure, park, gym, pool, office, common area, open space, vehicles or other means of transportation, parking lot, or other area owned, leased, managed, used or controlled by the Park District. District property also includes property used by District patrons while on District-sponsored events or field trips or property of others when presence thereon by the District employee is related to employment with the District.
- f. "Drugs" means legal drugs and controlled substances, including cannabis.
- g. "Legal drugs" mean prescription drugs and over-the-counter drugs which have been obtained legally and are being used in the manner and for the purpose for which they were prescribed or manufactured.

- l. “Under the influence” means that the employee is affected by alcohol or drugs in any determinable manner. A determination of being under the influence can be established by a professional opinion, a scientifically valid test, a layperson’s opinion, or the statement of a witness.

4. **Voluntary Treatment**

It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to disciplinary action. The District will not discipline an employee who voluntarily seeks treatment for a substance abuse problem if the employee is not in violation of the District’s Alcohol and Drug Use Policy or other rules of conduct. Seeking such assistance will not be a defense for violating the District’s drug and alcohol policy, nor will it excuse or limit the employee’s obligation to meet the District’s policies, rules of conduct, and standards including, but not limited to, those regarding attendance, job performance, and safe and sober behavior on the job. Employees who suffer from alcohol and drug abuse are encouraged to consult voluntarily with District management and undergo appropriate medical treatment. Participation in such treatment will be at the employee’s expense. Park District management will attempt to keep such voluntary discussions and medical treatment confidential in accordance with this policy.

5. **Screening and Testing**

All new employees will be screened or tested. An employee may also be screened or tested following a work place accident, a violation of a safety rule, during and after an employee’s participation in an alcohol or drug counseling or rehabilitation program, or upon reasonable suspicion that the employee is under the influence of alcohol or drugs. The screening or testing will be conducted by a testing service at a District facility, a drug testing facility or at a medical facility selected by the District at the District’s expense. The screening or testing may require an analysis of the employee’s breath, urine and/or blood or such similar substance as the medical facility may recommend. Employees who undergo alcohol or drug screening or testing will be given the opportunity, prior to the collection of a specimen or other testing, to disclose the use of legal drugs,

including medical marijuana and to explain the circumstance of their use. If an initial test is positive, a second test will be conducted from the same sample. A confirmed positive drug and/or alcohol test may result in disciplinary action, up to and including discharge.

Each District employee is required to sign a consent form (see pertinent form in the appendix section of this manual); a copy of which will be provided at the time this policy is distributed to the employee. Prospective employees applying for positions that require a commercial driver's license will be required to sign a consent form prior to taking the pre-employment drug screening.

Each employee and prospective employee may also be required to sign a separate consent form requested by the *testing or* medical facility conducting the screening or testing. Refusal to sign any requested consent form will result in non-hire or disciplinary action, up to and including dismissal, as deemed appropriate by the District, in its sole discretion, under the circumstances.

6. **Treatment**

If the medical facility recommends treatment, the District may, depending on the circumstances as determined in the sole discretion of the District, give the employee one opportunity to undergo treatment offered by a clinic or trained professional mutually acceptable to the District and employee. Participation in such treatment will be at the employee's expense. The employee must enter the treatment program within ten (10) days from the time of recommendation of treatment. The District may reinstate the employee provided that the employee submits a statement issued by the medical facility certifying successful completion of the treatment program, that the employee is released to return to work, and that the employee agrees to all conditions of reinstatement as determined by the District, which may include, but is not limited to, future alcohol and/or drug testing.

7. **Use of Legal Drugs**

Any employee who operates or maintains a vehicle or machinery, handles hazardous materials or substances of any kind, or has public safety responsibility and who has taken a legal drug must report the use of such legal drug to their Direct Supervisor if the legal drug including medical marijuana may cause drowsiness or if it may alter judgment, perception, or reaction time. The burden is on the employee to ascertain from the employee's doctor or pharmacist whether the legal drug may have such a potential side effect. The information will be retained by the District in a confidential manner and will be disclosed only to persons who need to know. The employee's Direct Supervisor, after conferring with the Department Head or Executive Director, will decide whether the employee may safely continue to perform the job while using the legal drug. Failure to declare the use of such legal drugs may be cause for discipline, up to and including dismissal.

8. Notice of Convictions

Any employee who is convicted of violating any federal or state criminal drug statute must notify the Executive Director within five (5) days of such conviction. For purposes of this notice requirement, a conviction includes a finding a guilt, a no contest plea, and/or an imposition of sentence by any judicial body for any violation of a criminal statute involving the unlawful manufacture, distribution, sale, dispensation, possession or use of any controlled substance or cannabis. Failure to notify the Director may subject the employee to disciplinary action, up to and including dismissal.

9. Discipline/Penalties for Violation

- a. An employee who reports to work or is found during working hours to be or to have been under the influence of alcohol, controlled substances, or cannabis, or who manufactures, possesses, uses, sells or dispenses alcohol, controlled substances, or cannabis while on District property or while acting on behalf of the District, is convicted of a drug related crime, causes financial or physical damage to the District property, its employees or patrons as the result of alcohol or drug abuse, or fails to report the use of legal drugs in accordance with this policy, will be disciplined in accordance with the Disciplinary Action section of the District's Personnel Policy Manual. In addition to or in the alternative, depending on the circumstances as determined by the District at its sole discretion, the District may require the employee to successfully complete an alcohol and/or drug abuse assistance or rehabilitation program approved for such purposes by the District and by a federal, state or local health law enforcement or other appropriate agency. An employee who participates in a treatment program will be expected to meet job performance standards and comply with all rules established by the District. Participation in a treatment program will not, in itself, protect the employee from disciplinary actions should job performance remain unsatisfactory.
- b. In addition to the examples of misconduct that may subject an employee to disciplinary action contained in this policy and the manual, the District will discipline an employee up to and including dismissal for the following:
 - (1) If the employee refuses to submit to diagnosis, testing or screening upon request of the District;
 - (2) If the employee tampers in any way with the specimen given to the medical facility for purposes of alcohol or drug screening or testing;

- (3) If the medical facility recommends treatment and the employee refuses to undergo such treatment;
- (4) If, while undergoing treatment, the employee fails or refuses to follow the course of treatment;
- (5) If the employee, during the course of or following treatment, is again under the influence of alcohol or drugs in violation of this policy; or
- (6) If the employee fails to notify the Executive Director of a conviction for violating any federal or state criminal drug statute in accordance with the Notice of Conviction section of this policy.

10. **Inspections**

In order to assure that employees comply with the prohibition on manufacturing, distributing, dispensing, possessing, or using alcohol, controlled substances, or cannabis, employees may be subject to inspection as follows:

- a. Lockers, desks, files, vehicles, equipment and other containers and property owned or leased by the District and which an employee is permitted to use during employment with the District, are and remain the property of the District. Employees are not permitted to keep controlled substances, cannabis or alcohol in or on such property. Any such property reasonably suspected of having or holding such substances is subject to search by the District.
- b. Any refusal to submit to such an inspection will be treated as an act of insubordination and may result in disciplinary action, up to and including dismissal.

11. **Records**

The District will maintain medical records relating to alcohol or drug abuse, diagnosis, and treatment confidential and in a file separate from the regular personnel files. Access will be limited to those who need to know. The District will not disclose these records to persons outside the District without the employee's consent unless disclosure of the records is necessary for legal or insurance purposes.

ALCOHOL AND DRUG PROCEDURES FOR CDL EMPLOYEES

Policy:

In an effort to promote public safety and to help prevent accidents and injuries, the U.S. Department of Transportation (DOT) instituted regulations that establish a zero tolerance level for the presence of alcohol or controlled substances in the system of any individual who operates or maintains a commercial class vehicle. The regulations establish testing requirements to help ensure compliance with the alcohol and controlled substance prohibitions. The controlled substances prohibited by the DOT regulations are: Marijuana, Cocaine, Opiates, Amphetamines, and Phencyclidine (PCP). The following procedures have been developed to implement the DOT regulations which can be found in 49 CFR Parts 40 and 382. The numbers inside the parentheses appearing in many of the sections refer to the 49 CFR Part 40 or 382 sections relevant to the particular procedure. Employees who violate this policy are subject to disciplinary action, up to and including discharge.

Comment:

1. Adverse Effects of Alcohol and Drug Use

Unlawful use of drugs and alcohol poses a number of risks. Alcohol and drug abuse can lead to a number of health problems, such as lung cancer, obstructive pulmonary disease, chronic respiratory infections, liver disease, high blood pressure, cardiac disease, and seizures. Drug users are at an increased risk for AIDS and hepatitis.

The impairments drugs cause mean users (and their nearby co-workers) suffer more accidental injuries and motor vehicle accidents. Drugs can also rob the user of his or her ability to reach long-term goals, to deal constructively with stress and anxiety, or to have successful and satisfying friendships and family relationships. Because drug use is unlawful, lives can be ruined when users are arrested, jailed or injured by drug-related violence.

2. Affected Employees

a. The following employees are subject to these alcohol and drug procedures, restrictions, and requirements: all employees who are required to have a valid CDL driver's license as a condition of employment and who operate a commercial vehicle for the District. This includes full-time and part-time employees.

b. The above employees are subject to these procedures and regulations at all times while on duty, including all overtime and call back time. An exception may be made by the Executive Director to exempt an employee from alcohol use restrictions if the employee is attending off site training and is not expected to return to duty for the remainder of the day.

3. Employee Requirements (382.201 to 215)

To meet the DOT regulations, the following requirements are placed upon affected employees. Exceptions to these requirements may be made by the Director in making temporary work assignments for employees.

- a. Affected employees will not consume any product containing alcohol or controlled substances while on duty.
- b. Affected employees will not report for duty while there is any alcohol or controlled substance in their system (unless the use is pursuant to the instruction of a physician who has been informed of the affected employee's job duties, and has advised the affected employee that the substance does not adversely affect his/her ability to safely perform his/her job).
- c. Affected employees will not possess any product containing alcohol or controlled substances while on duty.
- d. Affected employees cannot report for duty within four hours of having consumed alcohol and may not perform safety-sensitive functions (this includes but is not limited to operating motor vehicles or equipment) within four hours after using alcohol.
- e. Affected employees must immediately report for testing when so ordered, and must cooperate with testing personnel and procedures.
- f. Affected employees must agree to release testing results to the District and to the Substance Abuse Professional (SAP), and to release the substance abuse professional's report to the District.
- g. Affected employees cannot consume alcohol for eight hours following an accident involving a death or an accident for which the employee received a moving violation for their operation of a commercial class vehicle which contributed to the accident, or until the employee undergoes a post-accident or controlled substance test, whichever occurs first. The employee must remain available for testing for a period of eight hours for an alcohol test or 72 hours for a controlled substance test.

4. **Tests Performed**

Detailed descriptions of the testing procedures are contained in 49 CFR Part 40 and Part 382. A brief description of the testing procedure follows.

- a. Alcohol Test
 - (1) Employee immediately reports to the designated testing facility, shows a photo identification card, and signs testing form.

- (2) Employee blows into alcohol testing device. If employee cannot exhale sufficient quality of air through the machine for a complete test, a medical exam will be performed.
- (3) If test results are negative, the employee returns to work. Results will be reported to the Risk Manager.
- (4) If test results are positive, another test will be performed after a 15-minute wait but before 20 minutes. The employee may not eat or drink anything, nor belch, during the waiting period for the retest.
- (5) If retest results are negative, test is reported to the Risk Manager as negative.
- (6) If retest results are positive, the test results are immediately reported to the Risk Manager.

b. Controlled Substances Test

Testing will only be performed for the five controlled substances prohibited by the DOT regulations (Marijuana, Cocaine, Opiates, Amphetamines, and Phencyclidine).

- (1) Employee immediately reports to the designated testing facility, shows a photo identification card, and signs the testing form.
- (2) Employee provides a urine sample. If unable to provide sufficient quantity for testing, the employee will be asked to drink water (up to 24 oz. in two hours) and attempt again.
- (3) Hospital personnel will perform required testing to verify that the specimen sample has not been tampered with. The employee returns to work.
- (4) Sample is sent to the lab where it is split in half. A screening test is performed on a portion of one of the sample splits. If negative results are obtained, the testing is reported as negative to the Medical Review Officer (MRO), which in turn reports negative results to the Risk Manager.
- (5) If screening tests are positive, sophisticated confirmation testing is performed on the rest of the split sample. Results are reported to the MRO. If negative, the MRO reports a negative result to the Risk Manager.
- (6) If the results are positive, confirming the presence of one of the five controlled substances, the MRO will contact the employee to talk over the results of the test to determine if there is a legitimate

clinical reason the presence of the drug, and will decide if test results are negative or positive.

If the employee cannot be reached by the MRO, the Director will be contacted to tell the employee to contact the M.R.O. If contact is not made in 72 hours, the MRO will determine the test results as positive. The MRO reports to the Business Services Manager or the Executive Director's designee test results as positive or negative.

- (7) If test results are positive, the employee will be removed from duties of operating or maintaining a commercial class vehicle. The employee has 72 hours in which to request a retest of the second split sample, and can request that the split sample be tested at a second lab. A negative retest of the split sample will cancel the first positive results.

5. Circumstances Under Which Testing Will be Performed

a. Pre-employment Testing (382.301.413)

- (1) Before a new employee is hired or before an existing employee may be transferred to a position in which operating or maintaining a commercial class vehicle is required, both alcohol and controlled substance testing is required.
- (2) If an employee has not been in a random testing pool for one month, then alcohol and controlled substance testing must be performed before the employee may operate or maintain a commercial class vehicle.
- (3) Alcohol test results must be below 0.04 and controlled substances must be negative or the employee cannot be hired to the position without a substance abuse professional evaluation. There is no requirement that the prospective employee be hired or that they see the MRO or SAP, but an attempt must be made to inform the prospective employee of the test results and to seek an evaluation.
- (4) In addition to submitting to testing, the prospective employee must supply the District with the names of all firms for which they have been employed in the previous two years operating or maintaining commercial class vehicles. The prospective employee must cooperate fully with the District in obtaining from each of the previous employers results of any positive test, SAP's reports, and any refusals to test.

b. Random Testing (382.305)

- (1) All affected employees will be placed in a pool from which random selections for testing will be made. Random testing will be for both alcohol and controlled substances.
- (2) The annual rate of testing for the entire pool will be as directed by the U.S. Secretary of Transportation, currently 10% per year for alcohol and 50% per year for illegal drugs.
- (3) Every employee in the selection pool has an equal chance of being selected each time a drawing is made.
- (4) Selection for testing will be performed on a sufficiently random basis by the consortium. Employees will not know when testing is complete for the year nor when to anticipate the next selection.
- (5) A surplus of names will be generated so that another selection may be made in place of an employee who is temporarily on leave.

c. Reasonable Suspicion Testing (382.307)

- (1) When a supervisor has reason to believe that an employee has alcohol or controlled substances in their system, they shall contact another supervisor or management official trained in the signs and symptoms of drug and/or alcohol misuse, who will also observe the employee. If both supervisors are in agreement, the employee will be driven to the designated testing facility for alcohol or controlled substances testing as appropriate.
- (2) The supervisor's determination must be based upon specific, describable, current observations of the employee's appearance, behavior, speech or body odor. Possession alone is not sufficient cause to require the employee to submit to testing.
- (3) When a reasonable suspicion determination has been made, the employee must immediately stop operation or maintenance of a commercial class vehicle. (For 24 hours or until a negative test result, whichever comes first.)
- (4) The employee will be informed of his or her right to consent or refuse testing, and the consequences of refusing testing or failing an alcohol or drug test. The employee will be asked to review and sign a Consent/Refusal Form.
- (5) The supervisor calls the designated testing facility to advise that the employee will be reporting for the testing. The employee

under suspicion must be accompanied to the testing facility, preferably by a supervisor.

- (6) If an employee refuses to submit to a test, he or she will be required to call someone to drive him or her home. If unable to find someone, a taxi cab will be called. The District will pay for the taxi cab with reimbursement by the employee when he or she returns to work. If the employee insists on driving him or herself, the local Police Department will be called and notified.
- (7) Testing for alcohol reasonable suspicion should be performed within two hours, but cannot be conducted if eight hours have passed since the determination was made. A written report must be submitted to the Risk Manager for the file explaining why testing was not performed within two hours. Controlled substances testing should be performed as soon as possible but not after 32 hours since the determination was made.
- (8) The supervisor(s) making the determination must submit a signed written description citing the specific observations which led to the reasonable suspicion testing. The written description should be submitted before the test results have been received.

d. Post-Accident Testing (382.303)

- (1) A surviving driver of a commercial class vehicle involved in an accident in which a death occurred or for which the driver received a ticket for the operation of the commercial vehicle that contributed to the accident, will be tested for both alcohol and controlled substances.
- (2) The driver will remain readily available for testing after an accident until 32 hours have passed, or earlier if a supervisor advises that testing will not be necessary.
- (3) A driver cannot consume any alcohol within eight hours following an accident unless a supervisor advises that no testing will be required or testing has already been performed.
- (4) If a death occurs or a driving citation is issued, alcohol testing will be performed within two hours but not after eight hours, and controlled substance testing will occur within 32 hours. A written record must be submitted to file explaining why alcohol testing could not be performed within two hours if such is the case and a record if either testing could not be performed.

e. Return to Duty Testing (382.309)

Alcohol and controlled substances testing will be performed with negative test results (less than 0.02 alcohol) on all affected employees who:

- (1) Have been removed from duty of operating or maintaining a commercial class vehicle for refusing to test or for testing positive for controlled substances or alcohol greater than 0.04. The employee will be responsible for all costs associated with this classification of return to duty testing or who;
- (2) Have not been in a random testing pool for more than 30 days. (Employees who have been on extended leave.)

f. Follow-Up Testing (382.311.605)

- (1) Any affected employee who has refused to test or who has tested positive for controlled substances or who has tested greater than 0.04 for alcohol content and has been determined by a substance abuse professional to require help in dealing with their substance abuse problem will be subject to follow up testing.
- (2) The Director will order the affected employee to immediately report for surprise alcohol or controlled substance (or both) testing at the frequency prescribed by the SAP. The Director will advise the SAP of the test results. The duration of surprise testing will continue as long as required by the SAP, up to a maximum of five years.
- (3) At a minimum, six (6) unannounced tests will be required within the first 12 months of return to duty. This minimum must be conducted regardless of whether the SAP deems no more testing is required.
- (4) The employee is responsible for all costs associated with follow-up testing.

6. Consequence of Failed or Refused Tests (382.605)

- a. An employee will be immediately removed from duty upon the employee's refusal to cooperate with testing procedures or upon receipt of positive test results. Employees who refuse to submit to testing or fail an alcohol or drug test are subject to disciplinary action, up to and including discharge.
- b. The employee selects a SAP. The employee is responsible for payment to the SAP, and for subsequent counseling and rehabilitation. The employee's medical insurance may be used to help pay for these services.

A list of SAP's will be provided the employee, however, the employee is free to choose any certified SAP.

- c. The employee signs a release allowing the Park District to release the test results to the SAP and signs a release for the SAP to report back to the Director.
- d. The SAP will report back to the Risk Manager that the employee:
 - (1) Does not require any help in dealing with a substance abuse problem, in which case the employee may be returned to full duty.
 - (2) That the employee requires and is cooperating with continued counseling and rehabilitation and may return to full duty, or may not return to full duty yet.
 - (3) That the employee requires but is not cooperating with counseling and rehabilitation and may not return to duty.
- e. The employee is responsible for obtaining any counseling or rehabilitation prescribed by the SAP and must provide appropriate releases for counseling and rehabilitation professionals to report back to the SAP. Employees are advised that the DOT regulations require that the additional counseling and rehabilitation not be performed by any business entity in which the SAP has a financial interest.
- f. When the SAP reports to the Risk Manager that the employee may return to full duty of operating and maintaining commercial class vehicles the employee must:
 - (1) Test negative in return to duty alcohol or controlled substances testing (or both tests if so indicated by the SAP).
 - (2) Continue with any rehabilitation therapy if so prescribed by the SAP.
 - (3) Test negative in unannounced follow-up testing as prescribed by the SAP or at a minimum, six (6) tests in the first 12 months of returning to duty as ordered by the Risk Manager.

7. **Required Training**

- a. All affected employees will be informed of the new DOT regulations and these policies and procedures to implement the regulations.
- b. All supervisory personnel will receive training in recognizing physical signs of alcohol misuse and controlled substance use prior to any employee being ordered to submit to reasonable suspicion testing by that

supervisor. 60 minutes of training for alcohol misuse recognition and 60 minutes of training for controlled substance use recognition is required.

- c. All new employees and newly transferred employees to affected positions will receive training prior to operating or maintaining a commercial class vehicle. All newly hired supervisory personnel will receive 60 minutes of alcohol misuse recognition training and 60 minutes of controlled substances use training prior to their requiring any employee to submit to reasonable suspicion testing.
- d. All employees will sign a receipt that they attended the training. The receipt will be kept in District records.

2. For the purpose of this section, District property is defined as buildings, vehicles, facilities, grounds, tools, implements, buildings materials, electronic equipment, recreation and rental equipment and all other property owned, leased or in possession of the District. Because safety and liability is of chief concern, it is expected that District property that is assigned, or authorized or permitted to be used, will be operated in a fashion consistent with its intended use and the District's established safety rules and regulations. Instructions on safe and proper use will be provided upon request. In addition, the use of some District property may require permits, waivers and releases. The employee will be responsible for the full cost of repair or replacement of District property, at the sole discretion of the District, which is damaged or lost while it is in the employee's care or custody.
3. Loss, damage or theft of District property should be reported at once. Negligence in the care and use of District property may be considered grounds for discipline, up to and including termination.
4. The District's equipment, such as telephones, cellular phones, postage, facsimile and copier machines, is intended for business purposes. An employee may only use this equipment for non-business purposes in an emergency and only with permission of the Executive Director. Personal usage of equipment that results in a charge to the District should be reported immediately to the Administrative Office so that reimbursement can be made.
5. Upon termination of employment, the employee must return all Park District property, uniforms, equipment, work product and documents in his possession or control.

TELEPHONE AND CELLULAR TELEPHONE USAGE

Policy:

Office telephones are a vital part of the District's operations. Because of the large amount of District business transacted by telephone, personal use of the District's telephones should be limited, and personal calls should be brief. Under no circumstances should the District's telephones be used for making long distance personal calls, without prior approval from your supervisor and with charges being paid by the employee. Making unauthorized long distance calls or making or receiving excessive personal calls while working is prohibited, and constitutes grounds for discipline up to and including termination.

The requirements and prohibitions on using the District's telephones includes the use by non-managerial employees of personal cellular telephones during working hours unless in an emergency, regardless of who owns the phone or pays for the air time. Non-managerial employees are prohibited from using personal cellular telephones while working without prior authorization by their Direct Supervisor or in the event of an emergency. The District will not be liable for the loss, damage or theft of personal cellular telephones brought to work or left in an employee's car. Although personal use of cellular telephones by supervisory employees during work hours is permitted, such personal calls should be limited and be brief.

The District issues cellular telephones to certain employees for use in connection with the performance of their job. District-issued cellular telephones are only to be used for business purposes. Employees may not make personal telephone calls, text messaging, and downloading programs, software or incurring non-business related charges on the District's cellular telephone. Personal calls should be limited to emergency circumstances. Using a District-issued cellular telephone for personal use will result in disciplinary action, up to and including termination. Employees in possession of District-issued cellular telephones are expected to protect the telephones from loss, damage or theft. Upon the separation of employment, or at any time upon the District's request, employees may be asked to produce the cellular telephone for return or inspection. Employees unable to present the cellular telephone in good working condition within the time period requested (i.e., 24 hours) may be expected to bear the cost of replacement. Likewise, employees who separate from employment with outstanding debts for cellular telephone loss or unauthorized charges will be required to reimburse the District for the debt.

The District-issued cellular telephone and the corresponding telephone number are property of the District, and employees will not be able to keep or use the cellular telephone or the telephone number after they no longer use the District-owned cellular telephone. The District reserves the right to monitor, inspect and access all the contents on a District-issued cellular telephone (including downloads, emails, text messages, the call log, telephone bills, etc.). Therefore, employees should not have any expectation of privacy with or a property right in their District-issued cellular phone.

The District requires the safe use of cellular telephones while conducting business and/or during work. Employees are prohibited from using cellular telephones while driving, unless using a hands-free device. Employees operating any type of equipment are prohibited from using cellular telephones with or without a hands-free device. Employees are also expected to fully comply

with all applicable laws and ordinances relating to cellular telephone. Under no circumstances are employees allowed to place themselves or others at risk in order to use a cellular telephone to fulfill business needs.

Comment:

1. Management level employees (as determined by the Executive Director) may purchase/use at their own expense smart phones and tablets during work hours. The District can revoke this privilege if the employee does not abide by all of the applicable policies and procedures outlined in this manual.
2. Full-time management level employees may use their smart phones/tablets for personal use during work hours only on a limited basis.
3. Some smart phones/tablets may be able to access the District's network. These devices must be presented to the Director of Recreation for proper job provisioning and configuration of standard apps, such as browsers, office productivity software and security tools, before access to the network will be authorized.
4. All employees are required to sign the Email, Internet and Cellular Telephone Acknowledgment Form, which can be found in the appendix section of this manual.

USE OF DISTRICT COMPUTERS AND LOCAL AREA NETWORK (LAN)

Policy:

It is the policy of the District that the use of its computers and software is limited solely to appropriate business use. Except as otherwise provided below, employees are not allowed to use District computers of the District's LAN for personal use. Employees are strictly forbidden from installing software on District owned hardware without prior approval. Further, the District's employees have no reasonable expectation of privacy with respect to any computer hardware, software, electronic mail or other computer or electronic means of communication or storage, whether or not the employees have private access or an entry code into the computer system. The District reserves the right to monitor the use of its computer and communication systems to ensure compliance with Park District policies.

Subject to approval from the employee's Department Head, an employee's occasional use of District computer systems for personal use and outside projects may be acceptable. However, in order to keep these uses to a reasonable level, the employee's Department Head must give approval to use the system in such a manner. Moreover, please be aware that the District may purge files on its computer systems at any time, without notice. The District is not responsible for any personal files or outside project files that may be purged or lost.

The use of the system for such personal efforts must occur outside of the employee's working time, and any files created are to be deleted at the end of the project or personal use. Also, because of the normal heavy load on the system, personal use and outside projects will not receive priority over operational requirements, system maintenance, or file back up.

INTERNET USE POLICY

Policy:

The Internet is a worldwide network of computers that contains millions of pages of information. Employees are cautioned that many of these pages include offensive sexually explicit and inappropriate material. In general, having an email address on the Internet may lead to receipt of unsolicited email containing offensive content.

Comment:

1. The District's computer network is the property of the District and is to be used for legitimate business purposes. Employees are provided access to the computer network to assist them in the performance of their jobs. Additionally, certain employees may also be provided with access to the Internet through the computer network. All employees have a responsibility to use District's computer resources and the Internet in a professional, lawful and ethical manner, and in a manner that does not violate the policies in this manual. Abuse of the computer network or the Internet, may result in disciplinary action, including possible termination, and civil and/or criminal liability.
2. Without prior written permission from the District, the District's computer network may not be used to disseminate, view or store commercial, personal, or political advertisements, solicitations, promotions, destructive code (e.g., viruses, Trojan horse programs, etc.) or any other unauthorized materials.

Occasional limited appropriate personal use of the computer is permitted if such use does not a) interfere with the employee's or any other employee's job performance; b) have an undue effect on the computer or the District's network's performance; or c) violate any other policies, provisions, guideline or any other of the District. Further, at all times, employees are responsible for the professional, ethical and lawful use of the computer system. All employees are liable for any activity done through the employee's network account, including, but not limited to, internet activity, emails, or any type of malicious activity done through or to the District's computer network. With that in mind we ask all employees to lock workstations when unattended or logoff if the computers are being used by more than one employee of the District. Personal use of the computer is a privilege that may be revoked at any time.

3. Employees may not illegally copy material protected under copyright law or make that material available to others for copying. You are responsible for complying with copyright law and applicable licenses that may apply to software, files, graphics, documents, messages, and other material you wish to download or copy. You may not agree to a license or download any material for which a registration fee is charged without first obtaining the express written permission of the company.

4. Unless expressly authorized to do so, employees are prohibited from sending, transmitting, or otherwise distributing proprietary information, data, trade secrets or other confidential information belonging to the District. Unauthorized dissemination of such material may result in severe disciplinary action as well as substantial civil and criminal penalties under state and federal Economic Espionage laws.
5. To ensure security and avoid the spread of viruses, employees accessing the Internet through a computer attached to District network must do so through an approved Internet firewall, Internet filtering software, or other security devices approved by the District. Bypassing the District's computer network security by accessing the Internet directly by hot spot, circumventing the internet through a proxy server or other means is strictly prohibited.
6. Computer resources are not unlimited. Network bandwidth and storage capacity have finite limits, and all employees connected to the network have a responsibility to conserve these resources. As such, the employee must not deliberately perform acts that waste computer resources or unfairly monopolize resources to the exclusion of others. These acts include, but are not limited to, sending mass mailings or chain letters, spending excessive amounts of time on the Internet, playing games, engaging in online chat groups, uploading or downloading large files, accessing streaming audio, internet radio and/or video files, or otherwise creating unnecessary loads on network traffic associated with non-business-related uses of the Internet.
7. Electronic files obtained from sources outside the District, including disks brought from home, files downloaded from the Internet, newsgroups, bulletin boards, or other online services, files attached to email, and files provided by customers or vendors, may contain dangerous computer viruses that may damage the District's computer network. Employees should never download files from the Internet, accept email attachments from outsiders, or use disks from non-District sources, without first scanning the material with District-approved virus checking software. If you suspect that a virus has been introduced into the District's network, notify your Direct Supervisor immediately.
8. All precautions must be taken to ensure that unauthorized users do not gain access to the District's network. Employees must log off their workstations while away from their computer. Employees must maintain confidentiality of their individual usernames and passwords. Employees may not obtain and/or use account information of other employees and may not represent themselves as another employee, without specific authorization. If you feel that your account information has been compromised, please contact your Department Head as soon as possible to get account changes made, such as username and/or password.
9. Employees are given computers and Internet access to assist them in the performance of their jobs. Employees should have no expectation of privacy in anything they create, store, send or receive using the District's computer

equipment. The computer network is the property of the District and may be used only for District purposes.

10. Employee expressly waives any right of privacy in anything he or she creates, stores, sends or receives using the District's computer equipment or Internet access. Employee consents to allow District personnel access to, and review of, all materials created, stored, sent or received by employee through any District network or Internet connection.
11. The District has the right to monitor and log any and all aspect of the District's system including, but not limited to, monitoring Internet sites visited by employees, monitoring chat and newsgroups, monitoring file downloads, and all communications sent and received by employees.
12. The District has the right to utilize software that makes it possible to identify and block access to Internet sites containing sexually explicit or other material deemed inappropriate in the workplace.
13. Violation of the Internet Use Policy will be taken seriously and may result in disciplinary action, up to and including discharge, as well as possible civil and criminal liability. The use of the Internet via the District's computer system constitutes consent by the employee to all of the terms and conditions of this policy.
14. All employees are required to sign the Email, Internet and Cellular Telephone Acknowledgment Form, which can be found in the appendix section of this manual.

SOCIAL MEDIA POLICY

Policy:

In general, the District views social media websites, personal websites and web blogs positively, and it respects the rights of employees to use them as a medium of self-expression. If you choose to identify yourself as a District employee or discuss matters related to the District, staff or patrons on your social media website or personal blog, please bear in mind that, although you and the District view your social media website or personal blog as a personal project and a medium of personal expression, some readers may nonetheless view you as a de facto spokesperson for the District. In light of that possibility, the following comments need to be observed:

Comment:

1. Make it clear to your readers that the views you express are yours alone and that they do not necessarily reflect the views of the District. To help reduce the potential for confusion, the following or something similar should be placed in a reasonably prominent place on your site: “The views expressed on this website/web blog are mine alone and do not necessarily reflect the views of the Sterling Park District.” It is not necessary to post this notice on every page, but use reasonable efforts to draw attention to it, if at all possible, from the home page of your site.
2. Do not disclose any information that is confidential or proprietary to the District or to any third party that has disclosed information to us.
3. Since your site or blog is a public space, you should not make any statements about the District, our employees, our patrons, our partners and affiliates, and others that would violate the District’s Non-Discrimination and Anti-Harassment Policy and Workplace Violence Policy.
4. When using District computers, you are subject to both the District’s applicable policies, such as its Internet Use Policy and Computer Use Policy.
5. During both working and non-working hours, you are expected to act and conduct yourself at all times professionally.

TAPE RECORDING POLICY

Policy:

It is a violation of District policy to record conversations with a tape recorder or other recording device, unless prior approval is received from the Executive Director or all parties to the conversation give their consent, or otherwise required by law (such as at public meetings of the Board).

The purpose of this policy is to eliminate the effect on the expression of views that may exist when one person is concerned that his or her conversation with another is being secretly recorded. This concern can inhibit spontaneous and honest dialogue, especially when sensitive or confidential matters are being discussed.

Violation of this policy will result in disciplinary action, up to and including immediate termination.

EMAIL POLICY

Policy:

Every District employee is responsible for using the electronic mail (email) system properly and in accordance with the policies in this manual. Any questions about this policy should be addressed to the Director of Recreation.

The email system is the property of the District. It has been provided by the District for use in conducting District business. All communications and information transmitted by, received from, or stored in this system are District records and property of the District. The email system is to be used for the District purposes only. Use of the email system for personal purposes is prohibited.

Comment:

1. Employees have no right of personal privacy in anything stored in, created, received, or sent using the District email system.
2. The District, in its discretion as owner of the email system, reserves and may exercise the right to monitor, access, retrieve, and delete any matter stored in, created, received or sent over the email system, for any reason and without the permission of any employee.
3. Even if employees use a password to access the email system, the confidentiality of any message stored in, created, received, or sent from the District email system still cannot be assured. Use of passwords or other security measures does not in any way diminish the District's right to access materials on its system, or create any privacy rights of employees in the messages and files on the system. Any password used by employees must be revealed to the District as email files may need to be accessed by the District in an employee's absence.
4. Even though the District has the right to retrieve and read any email messages, those messages should still be treated as confidential by other employees and accessed only by the intended recipient. Employees are not authorized to retrieve or read any email messages that are not sent to them. Any exception to this policy must receive the prior approval of the District management.
5. The District's policies in this manual, including policies against sexual or other harassment apply fully to the email system, and any violation of those policies is grounds for discipline, up to and including discharge. Therefore, no email messages should be created, sent, or received if they contain intimidating, hostile, or offensive material concerning race, color, religion, sex, age, national origin, disability or any other characteristic protected by law.
6. The email system may not be used to solicit for religious or political causes, commercial enterprises, outside organizations whether for profit or not, or any other non-work related solicitations.

7. The email system shall not be used to send (upload) or receive (download) copyrighted materials, trade secrets, proprietary financial information, or similar materials without prior authorization from District management. Employees, if uncertain about whether certain information is copyrighted, proprietary, or otherwise inappropriate for transfer, should resolve all doubts in favor of not transferring the information and should consult the Director of Recreation and/or the Executive Director. Users should routinely delete outdated or otherwise unnecessary emails and computer files. These deletions will help keep the system running smoothly and effectively, as well as minimize maintenance cost.
8. Employees are reminded to be courteous to other users of the system and always to conduct themselves in a professional manner. Emails are sometimes misdirected or forwarded and may be viewed by persons other than the intended recipient. Users should write email communications with no less care, judgment and responsibility that they would use for letters or internal memoranda written on District letterhead.
9. Any employee who discovers misuse of the email system should immediately contact the Director of Recreation.
10. Violations of the District's Email Policy will result in disciplinary action, up to and including discharge.
11. As with any policy, the District reserves the right to modify this policy at any time, with or without notice.
12. All employees are required to sign the Email, Internet and Cellular Telephone Acknowledgment Form, which can be found in the appendix section of this manual.

VOICEMAIL POLICY

Policy:

Every District employee is responsible for using the voicemail system properly and in accordance with this policy. Any questions about this policy should be addressed to the Administrative Office.

The voicemail system is the property of the District. It has been provided by the District for use in conducting District business. All communications and information transmitted by, received from, or stored in this system are District records and property of the District.

The voicemail system is to be used for District purposes only. Use of the voicemail system for personal purposes is prohibited.

Employees have no right of personal privacy in any matter stored in, created, received, or sent over the District voicemail system.

The District, in its discretion as owner of the voicemail system, reserves and may exercise the right to monitor, access, retrieve, and delete any matter stored in, created, received, or sent over the voicemail system, for any reason, without the permission of any employee and without notice.

Even if the employee uses a password to access the voicemail system, the confidentiality of any message stored in, created, received, or sent from the District voicemail system still cannot be assured. Use of passwords or other security measures does not in any way diminish the District's rights to access materials on its system, or create any privacy rights of employees in the messages and files on the system. Any password used by employees must be revealed to the District as voicemail messages may need to be accessed by the District in an employee's absence.

Comment:

1. Even though the District reserves the right to retrieve and listen to any voicemail messages, those messages should still be treated as confidential by other employees and accessed only by the intended recipient. Employees are not authorized to retrieve or listen to any voicemail messages that are not sent to them. Any exception to this policy must receive the prior approval of the Executive Director.
2. The District's policies against sexual or other harassment and all other policies, apply to the use of the voicemail system, and any violation of those policies is grounds for discipline, up to and including discharge. Therefore, no voicemail messages should be created, sent, or received if they contain intimidating, hostile, or offensive material concerning race, color, religion, sex, age, national origin, disability or any other classification protected by law, or violate any other policy of the District.

3. The voicemail system may not be used to solicit for religious or political causes, commercial enterprises, outside organizations, or non-job related solicitations.
4. Users should routinely delete outdated or otherwise unnecessary voicemails. These deletions will help keep the system running smoothly and effectively, as well as minimize maintenance costs.
5. Because of the storage space required for voicemail messages, employees should not send a voicemail message to a large number of recipients without prior approval from their supervisor.
6. Employees are reminded to be courteous to other users of the system and to always conduct themselves in a professional manner. voicemails are sometimes misdirected or forwarded and may be heard by persons other than the intended recipient. Users should create voicemail communications with no less care, judgment and responsibility than they would use for letters or internal memoranda written on District letterhead.
7. Employees should also use professional and courteous greetings on their voicemail boxes so as to properly represent the District to outside callers.
8. In order to avoid accidentally disclosing contents to unauthorized listeners, employees should not listen to voicemail messages while using the speakerphone feature.
9. Any employee who discovers misuse of the voicemail system should immediately contact your Direct Supervisor.
10. Violations of the District's voicemail policy will result in disciplinary action, up to and including discharge.
11. As with any policy, the District reserves the right to modify this policy at any time, with or without notice.
12. All employees are required to sign the Email, Internet and Cellular Telephone Acknowledgment Form, which can be found in the appendix section of this manual.

New Health Insurance Marketplace Coverage Options and Your Health Coverage

Form Approved
OMB No. 1210-0149
(expires 11-30-2013)

PART A: General Information

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.¹

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution—as well as your employee contribution to employer-offered coverage—is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information?

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

PART B: Information About Health Coverage Offered by Your Employer

This section contains information about any health coverage offered by your employer. If you decide to complete an application for coverage in the Marketplace, you will be asked to provide this information. This information is numbered to correspond to the Marketplace application.

ORDINANCE 93-3

SECTION 22.0

AN ORDINANCE ESTABLISHING A TRAVEL AND REIMBURSEMENT POLICY

IN ACCORDANCE WITH

THE LOCAL GOVERNMENT TRAVEL EXPENSE CONTROL ACT

(PUBLIC ACT 099-0604)

WHEREAS, the Sterling Park District is a non-home rule unit of local government; and

WHEREAS, Public Act 099-0604 established the Local Government Travel and Expense Control Act, which requires all non-home rule unit of local governments to adopt by resolution or ordinance, a policy governing reimbursement of all travel, meal and lodging expenses by officers and employees; and

WHEREAS, the Board of Commissioners finds it to be in the best interest of the Sterling Park District to adopt such a policy;

NOW, THEREFORE BE IT ORDAINED, by the Board of Commissioners of the Sterling Park District that:

Section 22.0

Policy Governing Reimbursement

Of Employee and Officer Travel, Meal and Lodging Expenses

A. Purpose.

The Board of Commissioners will reimburse employee and officer travel, meal and lodging expenses incurred in connection with pre-approved travel, meal and lodging expenses incurred on behalf of the Sterling Park District. Employees and officers are expected to exercise the same care in incurring expenses for official business as a prudent person would in spending personal funds.

B. Definitions.

“Entertainment” includes, but is not limited to; shows, amusements, theaters, circuses, sporting events, or any other place a public or private entertainment or amusement, unless ancillary to the purpose of the program or event.

“Travel” means any expenditure directly incident to official travel by employees and officers of the Sterling Park District and charges involving reimbursement to travelers or direct payment to private agencies providing public transportation or related services.

“Reimbursement” means repayment of any approved out-of-pocket expenses or the payment of authorized prepaid travel expenses (i.e. airfare, hotel, rental car, conference registration fees, etc.) and/or the payment of approved expenses incurred using a Sterling Park District credit card.

C. Authorized Types of Official Business.

Travel, meal and lodging expenses shall be reimbursed for employees and officers of the Sterling Park District only for the purpose of official business conducted on behalf of the Sterling Park District, which includes but is not limited to off-site or out-of-town meetings relating to official business and pre-approved seminars, conferences and other educational events related to the employee’s or officer’s official duties.

D. Categories of Expenses.

Airfare-Travelers are expected to obtain the lowest available airfare that meets business travel needs. Travelers are encouraged to book flights at least thirty (30) days in advance to avoid premium airfare pricing. Only coach or economy tickets will be paid or reimbursed. The traveler will pay for the difference between higher priced tickets and coach or economy tickets with his or her personal funds.

Personal Automobiles-Travelers must check to see if an agency vehicle is available before asking to use their personal vehicles. Use of a personal vehicle for business must be approved prior to use. Mileage reimbursement will be based on mileage from the work location to the off-site location of the official business, not from the employee’s or officer’s residence. When attending a training event or other off-site official business directly from an employee’s or officer’s residence, no reimbursement will be made if the distance is less than the mileage of a normal commute to the workplace. If the distance is higher than the employee’s or officer’s normal commute, reimbursement will be paid based on the differential of the commute less the mileage of a normal commute to the workplace. An employee or officer will be reimbursed at the prevailing IRS mileage rate. The traveler will only be reimbursed up to the price of a coach airfare ticket if they drive to a location for which airfare would have been less expensive.

Automobile Rentals-Travelers will be reimbursed for the cost of renting an automobile including gasoline expense only as limited in this section. Compact or mid-size cars are required for two or fewer employees or officers traveling together and full-size vehicles may be used for three or more travelers. Travelers using rental cars to conduct official business are required to purchase insurance through the rental agency. The traveler must refuel the vehicle before returning it to the rental company.

Other Transportation-The traveler should utilize hotel shuttle service or other shuttle services, if available. If none are offered, the use of the most economical transportation is encouraged.

Hotel/Motel Accommodations-The traveler will be reimbursed for a standard single-room at locations convenient to the business activity. Hotel/Motel accommodations are to be reserved in advance and secured at a moderate or conference rate. Reimbursement for lodging shall be limited to the number of nights required to conduct official business. In the event of a change in plans or a cancellation, the traveler must cancel the reservation so as not to incur cancellation charges. Cancellation charges will not be reimbursed unless approved by the Executive Director or the Park Board.

Meals-Meal reimbursement is limited to the current U.S. General Services Administration (GSA) regulation in place at the time the expense is occurred.

Prior approval by the Executive Director or the Park Board and submission of receipts are required for per diem allowances. Meals provided by the conference or seminar will be deducted from the per diem allowance. Partial reimbursement may be made for departure and return days based upon time. Any amount of the per diem allowance which is not spent by the traveler shall be returned to the Park District at the time receipts are submitted. Meals during in-state travel that is not an overnight stay will be reimbursed for actual cost not to exceed the GSA regulations.

The maximum reimbursement for gratuities is 20%; Alcoholic beverages are not reimbursable under any circumstances.

Parking-Parking fees at a hotel/motel or incidental to other travel will be reimbursed only with a receipt.

Entertainment Expenses-No employee or officer of the Sterling Park District shall be reimbursed for any entertainment expense, unless ancillary to the purpose of the program, event or other official business.

Vacation in Conjunction with Business Travel-In cases where vacation time is added to a business trip, any cost variance in airfare, car rental, lodging and/or any other

expenses must be clearly identified on the Travel, Meal, Lodging Expense Report form and paid by the traveler.

Accompanied Travel-Family members may accompany the traveler when traveling on official business. However, no expenses attributable to any family member will be reimbursable. All expenses will be calculated as if the traveler was traveling alone, using the minimal costs to the Park District for lodging, meals and transportation.

E. Approval of Expenses

Travel, meal and lodging expenses incurred by an employee or officer in excess of \$1,500 must be previously approved in an open meeting by a majority vote of the Park Board.

Travel, meal and lodging expenses advanced as a per diem to any employee or officer must be previously approved in an open meeting by a majority vote of the Park Board.
